

Mark 10th Year Of Little League In Special Rites

The tenth year of operation of Antioch's Little League baseball program will be observed next Wednesday with special ceremonies at the league park here.

Several dignitaries will be on hand and it is hoped a great number of the more than 1,000 alumni of the Little League baseball program here will attend also.

MAYOR MURRELL Cunningham of Antioch will throw out the first ball in a game between the Giants and Tigers and league officials are assured that a representative of the Chicago Cubs will be here to greet fans.

In addition, plans have been made to bring down Antioch's flag pole sitter, Miss Mary Kay, to participate in the events. All teams in the league will be present with their managers and sponsors.

Bill Lang, Rt. 4, Antioch, is ending his fourth year as president of the league and he noted with pride that the physical facilities of the league including its fine park and equipment, represent an investment of more than \$25,000.

5-Year-Old Wins News' Fawn Naming

Five-year-old Sandy Shuck, Rt. 1, Box 382, Indian Point, has been named winner of the wrist watch in the Antioch News' Name the Fawn contest.

She submitted the name "Step Lite," which will be the permanent name of one of the new fawns at Deer Haven in Fox Lake. She will be presented her prize and the fawn officially named in special ceremonies at a date to be announced soon.

THERE WERE MANY entries in the contest and all will receive a prize for their names. All contestants will get passes to Deer Haven.

Judges in the contest were Ralph Gresens, president of the Antioch Chamber of Commerce and Richard Meyers, manager of the Lakes Theatre in Antioch. The contest brings a five-week search for a name to an end.

70 Guests Note The Kufalk's 25th Wedding

Mr. and Mrs. Elmer Kufalk, S. Main St., entertained 70 guests Friday evening at their home in celebration of their 25th wedding anniversary.

Reginald Forte, of Chicago, gave a concert for the party on their Organosonic Organ, which was their anniversary gift to each other.

Among the friends and relatives who came from Aurora, Grayslake and Waukegan, as well as the Antioch area, there were six from the original bridal party present. The couple was married on June 12, 1934 in Lexington, Ill.

MRS. GALL HONORED AT STORK SHOWER

Mrs. Joe Sterbenz, Sr., of Loon Lake and Mrs. Louis Kempf, Sr., of Petite Lake entertained at a baby shower for Mrs. Donald Gall of Lake Villa, Tuesday evening, June 16, at Joe & Helen's Acres.

About 45 friends and relatives presented Mrs. Gall with many gifts and a buffet supper was served by the hostesses.

Add Picnic Ground to Swim Pool; Lifeguards Make Year's 1st Rescue

After a brief cold snap, the Antioch Swimming Pool is back in full swing again, reports Ken Smouse, pool manager.

St. Peter's Girl Scout troop 5 used the pool Tuesday as they held a cook out and swimming party. Smouse says that work on the pool improvements is progressing nicely. One charcoal grill for the picnic area has been completed and two barbecue pits are scheduled for completion by next weekend.

THERE WILL BE picnic tables placed on the ground in the near future and badminton and croquet will also be available.

Persons wishing to use the picnic grounds for a cook out will be able to obtain charcoal from the concession stand. Smouse also reports that there is no charge for the use of the picnic area.

The pool life guards made their first rescue last Tuesday as they pulled a young boxer puppy out of

JUST SAY THE magic words, count to five, snap your fingers and that's all there is to it. Dr. Michael Dean just after putting Delores Peffer, Libertyville, in a deep hypnotic sleep as an added attraction here Monday.

Mary Now a Celebrity, Famous Come Here To Perform, See Her

Mary Kay got another brief rest Wednesday as she came down from her perch in Antioch long enough to journey to Mooseheart, Ill.

She was invited by Bob Avery, governor of the Moose Lodge, to take a tour of the grounds and meet the children. Mary embarked on a rather heavy schedule at 7:30 a. m. as she descended from her platform for an appointment at the beauty shop. At 10:30 a. m. she left by car with Bob Avery, Lester Nelson, past governor, May Palmer, senior regent, and Mildred Gillum, past regent, for the 65 mile trip.

SHE WAS TO MEET Mooseheart, all the National executives of the Moose except Paul Smitz, the National Governor of the Moose.

Following dinner she was to tour the grounds and buildings and in the afternoon there was a short ceremony where she received a scroll and an honorary membership in the Woman's Auxiliary of the Moose.

Following the evening meal in one of the homes with the children, Mary was scheduled to return to Antioch and be back on her high perch at 7 p. m.

MANY INTERESTING guests have graced Mary's hour-long radio program this past week, including Dr. Michael Dean, noted hypnotist.

Dr. Dean appeared on the Monday broadcast and gave a live demonstration at the Lyons-Ryan Ford show room which attracted a large crowd by the time the program was over.

Dean, who holds a Ph. D. in philosophy, is appearing currently at

the Cairo Club in Chicago.

The subject of his demonstration was Delores Peffer of Libertyville. She has been hypnotized many times by Dr. Dean and is, according to Dean, "a perfect subject."

MISS PEPPER appeared on the stage at the Cairo on four separate occasions and Dean was unsuccessful in attempting to hypnotize her. On the fifth time, however, she was put to sleep and since then, it has become easier and easier. Dean reports that this is quite common in the field of hypnosis. The more often a subject is hypnotized the more susceptible he becomes.

The field of hypnosis has a great value in medicine, dentistry, and psychology says Dean. Pain as well as bleeding can be stopped by hypnosis, he said.

PSYCHOLOGICAL therapy, Dean says is enjoying the most wide use of hypnosis in the medical field at the present time.

Dr. Dean, in addition to his appearances at the Cairo, is teaching classes in several Chicago universities. (continued on page 8)

Interest High, Plans for Village at Paddock Lake

Interest is running high in favor of the incorporation of the Village of Paddock Lake, Wis., and a circuit court hearing will be held on a petition for incorporation on July 20 in Kenosha.

The area of the proposed new village, which has a population of 912 at present, includes eight subdivisions and the Salem Central School property. It includes also all of Paddock Lake and a corner of Hooker Lake. There are an estimated 24 miles of streets and roads and 25 businesses along a central business district on Rt. 50.

THE INCORPORATION plans began as a result of a proposal three months ago to incorporate all of Salem Township as a fourth class city. That plan died due to lack of public interest after more than 1,000 of the township's estimated 10,000 residents attended a public

meeting to hear a debate on the issue.

Back of the incorporation plans are several merchants and residents including Donald L. Klapper. He was instrumental in conducting a census of the area which is required for the legal reasons and he is one of several signers of the affidavit notifying of the hearing in Kenosha County circuit court.

OTHERS ON THE census committee were Earl Torrey, Harvey Taylor, John R. Severs, David Michaelson, David Meredith, and Carson Wilkinsen. Signing the affidavit besides Klapper were George M. Ilges, Jr., Lester M. Smith, Ray Paddock, George Lang and Lester Hunter.

The affidavits are posted for public inspection at Lang's IGA, Bud's Sinclair Service and Allen's Restaurant. They contain complete property descriptions of the area to be included in the village. In addition, census figures and a certified map of the proposed new village's area are open for public inspection at the Paddock Lake Lumber Co. on Rt. 50.

IN SPEAKING FOR incorporation, Klapper said that several advantages will accrue to the area including an annual allotment of \$1,100 per mile of roads from the state, a return of 36 percent of the income tax paid in the village, 20 per cent of the auto licenses paid by village residents and fees from utility companies in the village.

"More important," Klapper says, "is that we'll have one representative on the county board." At present,

ent, the entire Salem Township has only a single representative on the board and under Wisconsin statutes, villages are allowed representation also.

One of the biggest complaints heard against the incorporation is that taxes will be increased, the backers said. They pointed out that taxes do not have to go up and may even be decreased. People fail to realize that school taxes and government taxes are entirely separate and school taxes will increase next year whether incorporation goes through or not, they said.

THE PROBLEM of keeping taxes down lies with election of the proper village officials who will not go into debt to provide additional services but will add services as the village can afford to pay, George Ilges, also a backer, said.

It is reported that most of the residents in the village area are in favor of the plan. One person noted that he had talked up the plan among his neighbors and found only two who objected, one because he feared a further tax increase.

If incorporation goes through, the Village of Paddock Lake would be the third largest community in Kenosha County.

(continued on page 12)

150 GOP Faithful Rally at LV for Stanczak Tues.

More than 150 Lake Villa Republicans turned out Tuesday night to support the candidacy of Bruno Stanczak as state's attorney in Tuesday's special election.

Stanczak was at another meeting but he sent Eugene Daly, an assistant state's attorney to speak to the Lake Villa group. He urged a large turnout at the polls on Tuesday and called on the GOP workers to get out the vote among independents and all residents.

HE ALSO REMINDED the party faithful that they have until Saturday at noon to vote absentees in the county clerk's office.

A number of committee appointments were made also at the meeting to guide various divisions of the new Republican group headed by Arthur Bennett.

List Polls for Special Election

Precincts for the special election to pick a county state's attorney between Republican Bruno Stanczak and Democrat Richard Kahn have been announced.

There will be six polling places in Antioch Township and five in Lake Villa Township. Polls will be open from 6 a. m. to 6 p. m.

IN ANTIOCH, voters will cast ballots at Emmons School, Lotus School, Grass Lake School, Channel Lake School, the fire station and the village hall.

In Lake Villa voters will be at the Lake Villa Village Hall, Fox Lake Hills at Gavin School, Lake Villa Grade School, Venetian Village Civic Center and Lindenhurst village hall.

Plans Forming For Legion July Carnival

Antioch Unit of American Legion Auxiliary, held a regular meeting Friday evening, June 12, president Carolyn Horan presiding.

Plans are under way for the annual summer carnival, sponsored by the Antioch Legion Post and the Auxiliary, to be held on the village parking lot July 8 to 12. There will be booths of all kinds including one of veterans craft articles, food, soft drinks, nine rides for youngsters, and many other amusements for everyone.

Winning Team Feted

At the next regular meeting of the Unit on June 24, the losing membership team with Dorothy Horan as captain, will entertain the winning membership team, of which Myra Randall is captain.

To Attend Convention

The annual state convention of the Department of Illinois American Legion Auxiliary will be held in the Morrison Hotel in Chicago July 16-18 inclusive.

Mrs. Carolyn Horan, president of Antioch Unit and Mrs. Lucy Himens, legislative chairman, are planning to attend the convention.

Will Form GOP Women's Club

Formation of an Antioch Township Republican Women's Club will take place shortly after the June 23 special election, a spokesman for GOP women volunteers reports.

A group of about 30 women met Tuesday night at the Lester Osmond, Jr., home to fold sample ballots, and address and mail other literature in support of Republican Bruno Stanczak's candidacy for state's attorney. The organization question was brought up and the subject gained near unanimous approval.

The organization will be very soon, the spokesman said. In the evening, the volunteers mailed more than 2,500 pieces of literature for the election.

McHenry Art Fair Is On Weekend

Art Week will reach its climax in McHenry this week end with the Country Art Fair. The exhibit will feature fine arts by 80 of McHenry County's artists and a loan show by Exhibit "A" Gallery of Chicago. The schedule includes artist and visitor workshops and an auction of fine arts on Saturday night.

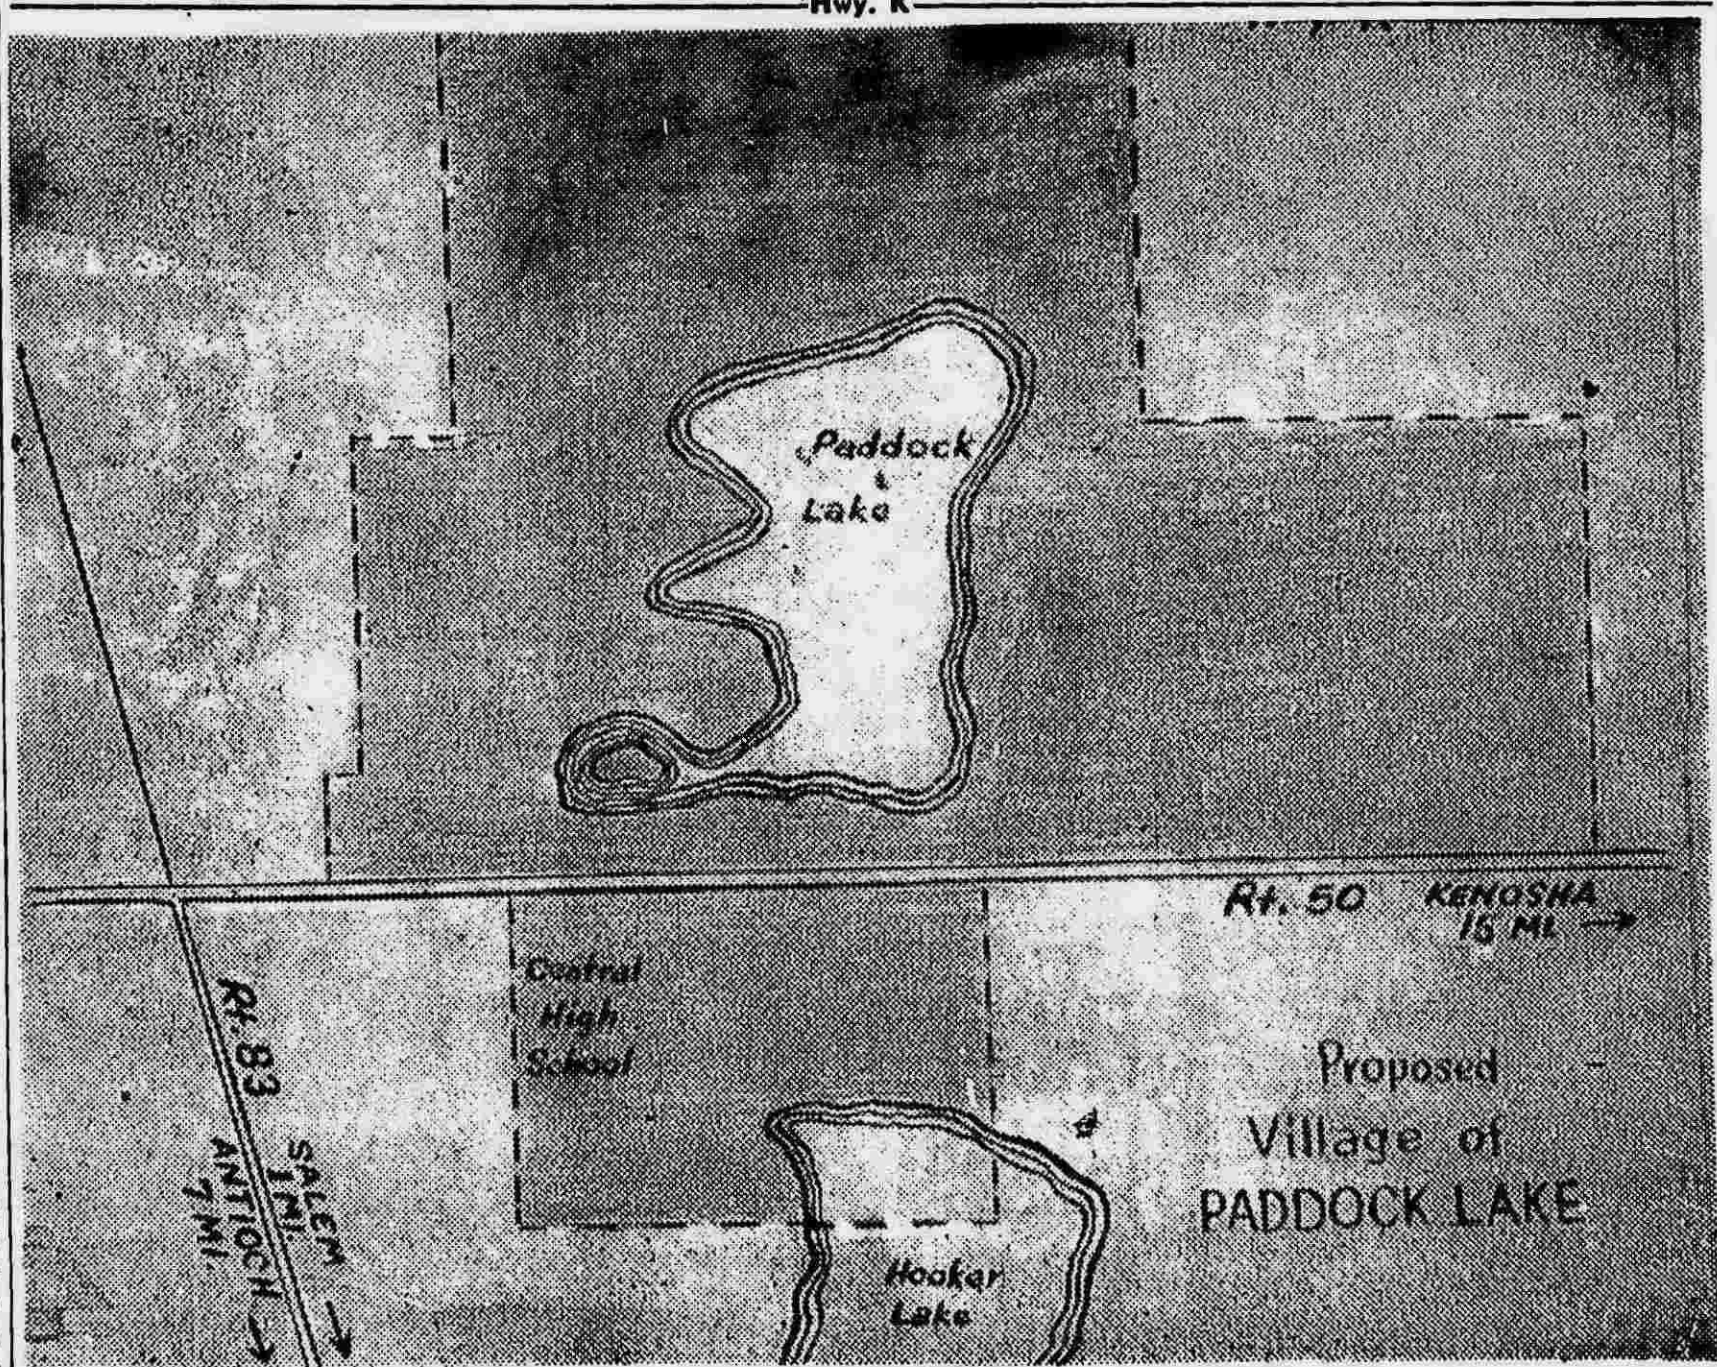

The Fair is being held at McHenry Junior High School on Park St., three blocks south and one-half block west of the traffic light at Elm and Green streets in McHenry. Signs along the road will guide out-of-county visitors to the Fair.

THOUGH MOST of the works for exhibit are paintings done in a variety of media, a considerable amount of sculpture has been entered and some works in ceramics. A wide range of artist ages are represented from teenagers to an 88 year old woman who has been painting just a little more than a year. The hanging of the exhibition has been arranged by Fred Lindsay, a Crystal Lake architect.

Exhibit "A" is a cooperative gallery of Chicagoland artists who likewise work in a variety of media. In a short span of three years the gallery has become one of the outstanding art shows in the area. It is expected to add depth and variety to an already high quality show.

Committee members have added the workshops and the art discussions to the show schedule in an effort to stimulate visitors' interest in fine arts and to help in their understanding of it. And they will maintain a sales booth for original art works at all times and will conduct an auction of donated original art pieces on Saturday night at 8.

The Fair is sponsored by the Woman's Auxiliary to McHenry Hospital.

HERE IS HOW the proposed village of Paddock Lake would look if plans for incorporation meet with success. The area includes eight subdivisions, at least 25 businesses and more than 24 miles of roads. The village area would include the L. S. Harris property along Rt. 50 on the east and it is the only major area not platted.

DEAR READER News Editorials

'Practice' Right Way to Mark Ballot in Election Tuesday

Comes now the time for the special election to pick a state's attorney for Lake County. Polls open at 6 a.m. on Tuesday and close at 6 p.m.

Voters have the chance of ignoring politics and picking the man they like; or they can follow strict party lines and vote for the man the party represents. And in special elections, history proves there are two other alternatives: they can stay away from the polls or they can vote so that their ballot has to be discarded. Either way, it has the same effect.

One of the things both parties are agreed upon is that people should learn how to vote, then exercise that gift of the right to vote.

This would be a good time to "practice" marking a correct ballot. There is only one acceptable mark in any election, that of an "X" inside the square. If it is partially inside, the ballot cannot be counted. Also a check mark (✓) a "yes" or a "no" do not count.

Why people do not know how to mark a ballot is a puzzling question to politicians and psychologists. But voters do demonstrate that they do not know how.

Tuesday's election would be a good time for voters to come out to show that they do know to do a simple little thing like mark a ballot correctly.

What's All This Furor Over Johnny's Reading?

Some folks have complained that The Antioch News has been leaning a little too heavily on the education side of the news of this area during the past few months. Maybe so, but why not?

But maybe we need just a little more education in our lives. An example:

One of the states this year put out its new auto licenses on printed sticky paper to be attached to the old metal plates. The plastic cemented paper when once attached, can't be removed without ruining them.

The state gave the whole idea plenty of publicity and made explicit instructions to motorists as simple as possible. "Clean the license plate, peel off a thin paper layer covering the adhesive, don't use water, press the tab hard against the plate on the left hand side just below the hole."

Now what happened? A few thousand people threw the tabs away, thinking they were of no value. Hundreds sent them back and wrote asking for their "new" license plates. Untold thousands wrote or telephoned and said the tabs "curled up when the water was applied." Many others attached them in the wrong place and then destroyed the tabs trying to get them off.

Now there was something being said a while back that "Johnny couldn't read."

Strike Slows Local Dairy, Resumes Fast

The one-day milk strike in Chicago forced Antioch's Willow-Dale Dairy Co. to cut back some production but after quick settlement, the dairy resumed full processing by Wednesday morning.

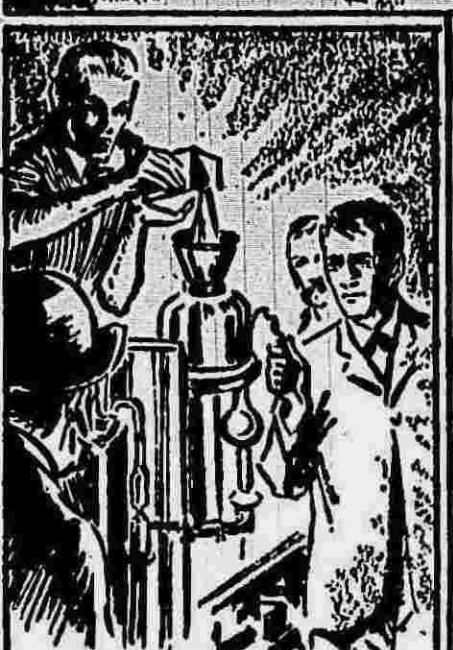

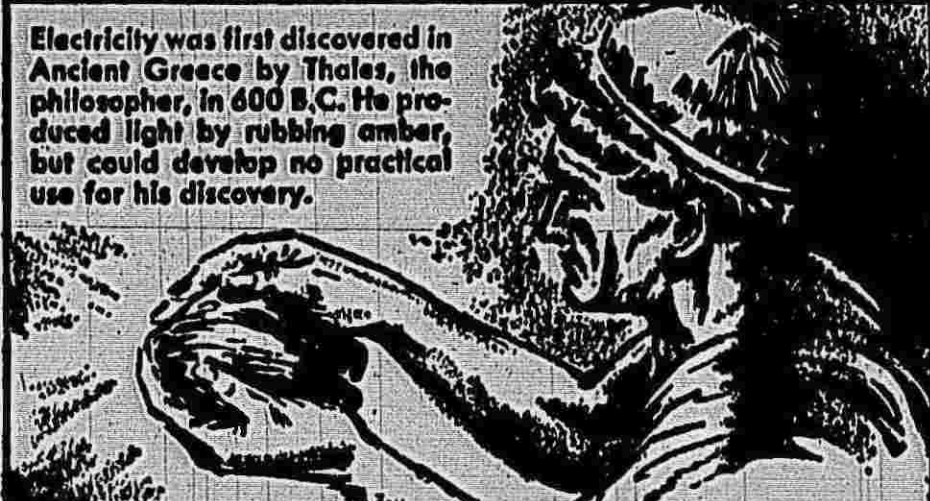

On Monday night the dairy got permission to operate completely except for the four milk units the company maintains in Chicago.

As soon as the strike was settled on Tuesday, Willow-Dale was a full 12 hours ahead of competitors in getting back into full production, a spokesman for the company said.

The Antioch News Page of Opinion

Wonderful World by Waldman

Electricity was first discovered in Ancient Greece by Thales, the philosopher, in 600 B.C. He produced light by rubbing amber, but could develop no practical use for his discovery.

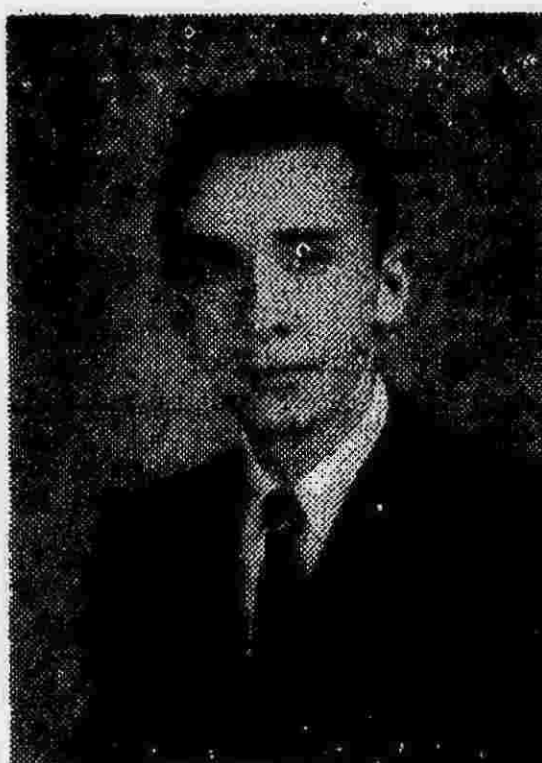

Not until Thomas A. Edison produced the first commercially practical incandescent lamp in 1879 was man able to harness electricity for the everyday uses in home and business.

Since Edison's contribution, many variations of electric lighting have bettered mankind. The latest of these—Life Lite Rechargeable Flashlights— even provides a life-time battery; you just plug the unit in a wall socket when it needs recharging.

Two More From Antioch Graduate From Universities

William Wilton

Two more Antioch area residents have been graduated from colleges and universities.

Beverly H. Filip, daughter of Mr. and Mrs. Victor Filip, Rt. 4, Antioch, received a Bachelor of Science degree from the University of Miami at commencement last Thursday.

She majored in zoology and minored in botany and was president of Kappa Kappa Gamma sorority. Her other campus activities included treasurer of Associated Women Students organization, representative on the Undergraduate Association Council and was elected to "Who's Who Among Students in American Universities." She also served in Beta Beta Beta, national

biology honorary; a member of French Club, Alpha Sigma Epsilon and was chosen Sweetheart of Phi Delta Theta, men's social fraternity. She will enter the field of biological research and development.

MILBURN D. CAIN, son of Mr. and Mrs. M. C. Cain of 872 Main St., Antioch, graduated Sunday from Northwestern University with a Bachelor of Science degree in business administration.

Picture captions in The Antioch News last week erroneously identified Eugene Baethke as William James Wilton. Baethke graduated from the University of Illinois with a Bachelor of Arts degree in architecture. Wilton, whose picture is printed this week, graduated from Bradley University, Peoria, Ill., last week with a degree in business. He is now associated with his father and brother in the operation of Wilton's Electric Shop in Antioch.

State laws set up penalties for landowners, tenants, railroads, highway authorities and others who do not cut noxious weeds growing on their properties, according to a University of Illinois professor of agricultural law.

If you want to sell — phone 43 or 44 and tell.

DEAR EDITOR Your Letters

Letters on your opinions are welcomed to this space each week. Equal weight is given on this page to your ideas and the paper's ideas on subject matter. Letters must be signed with complete names and addresses but will be withheld upon request. No letter should exceed 300 words.

'We Can All Remember the America That Was' Reader

(Editor's Note: The following is a continuation of a letter published last week from a reader in Bellevue, Wash. The first portion dealt with her views on communism and taxes. This portion concludes with more views of taxes.)

What America Was

Once upon a time, within the memory of millions of Americans, we enjoyed the following rights:

To work where we wanted if we were wanted for as long as we were wanted, free from any outside dictation.

To be free from coercion and tribute to any group.

To receive our full wages which we could save, spend or invest. To pay our proportionate share of any necessary taxes.

To bequeath, without penalty, to our families and friends.

To sell property, without penalty, to our relatives on the same terms as to strangers.

To keep records of our affairs satisfactory to ourselves without penalty.

To keep our papers and property free from unreasonable search and seizure.

To insure our future, or not, as we pleased, and if so, to choose or not, the agency best suited to our purpose.

To operate a free enterprise without intimidation by a group which disliked our methods of operation.

To cross state borders, without penalty, with goods purchased in another state.

To be free from double taxation.

These and many more were the God-given rights of free Americans. Repeat them all and you have AMERICA TODAY.

Written by Grover C. Richards, Attleboro, Mass.

Words of Wisdom From Lawmakers of the Past.

"Shear the sheep, but don't flay them."—Dutch Proverb.

"Better do a little well, than a great deal badly."—Socrates (469-399 B. C.)

"We should never create by law what can be accomplished by morality."—Montesquieu (1689-1755)

"It may be laid as an universal rule that a government which attempts more than it ought will perform less."—Macauley (1800-1859)

"The firm basis of government is justice, not pity."—Woodrow Wilson.

"Democracy is ever eager for rapid progress, and the only progress which can be rapid is progress down hill."—Sir James Jeans (1877-1946).

"One of the weaknesses of a democracy, a system of which I am trying to make the best, is that

until it is right up against it, it will never face the truth."—Stanley Baldwin (1867-1947).

"Though the people support the government, the government should not support the people."—Grover Cleveland (1837-1908).

"I do not believe that the government should ask for legislation in the guise of taxation. If we are to adopt socialism, it should be presented to the people of this country as socialism and not under the guise of a law to collect revenue."—Calvin Coolidge (1872-1933)

"We must not promise what we ought not, lest we be called upon to perform what we cannot."—Abraham Lincoln (1809-1865).

"Taxing is an easy business. Any projector can contrive new impositions; any bungler can add to the old; but it is altogether wise to have no other bounds to your impositions than the patience of those who are to bear them."—Edmund Burke (1729-1797)

"Taxes are our money; please realize it."

—THOUSANDS OF TIRED TAX-PAYERS.

Mrs. Anne Brett Lorenz, Bellevue, Wash.

Using Up Our Space

This world does not have an unlimited amount of space for an unlimited amount of people. The laws of nature have a statute of limitation, there are those who choose to ignore them, for which all of us have to pay.

Topics for Today's Women

Rainbow Girls To Honor Dads At Supper Mon.

The Antioch Assembly, Order of the Rainbow for Girls, will have a pot luck supper for their dads at 6 p. m. at the Masonic Hall on Monday, June 22. This will be held before their regular meeting which starts at 7:30 p. m. Barbara Yates will preside. Mrs. Wilma Gibbs is Mother Advisor.

Plans for the pot luck supper for the dads were made at a meeting of the line officers on Monday night at the home of Mrs. Gibbs.

THE RAINBOW GIRLS swimming and picnic party, held at the home of Lorraine Gibbons on Monday afternoon, was well attended.

The final arrangements for the girls who are attending the Grand Assembly in Chicago at the Conrad Hilton Hotel on June 25, 26, 27 were discussed. Pat Brown and Margo Ott were selected for the Grand Choir. The new designates for the Grand Cross of Color will attend the banquet in the grand ballroom at the Conrad Hilton on Wednesday, June 24 at 6 p. m. Mrs. Gibbs and Mrs. Dorothy Mantis will accompany the girls for the three days of the Assembly.

All line officers for Barbara's term are asked to be at the Masonic Hall at 9 a. m. to set up the hall for the meeting on Monday night.

WOTM Feted at Honorary Dinner

The annual honorary dinner of the Women of the Moose was held Thursday, June 11, at the Moose Home in Antioch.

Mrs. Bernice Kolar was crowned the queen, as she had sponsored the most candidates in the fiscal year just ending. As there were too many runners-up with the same number of candidates to their credit, the names of these four members of her court were drawn from a hat: Mrs. Jean Antes, Mrs. Hazel Baysinger, Mrs. Dorothy Pueg and Mrs. Cecelia Portalski. As the queen was crowned, she was presented with a lace pillow, made by last year's queen, Mrs. Regina Karrasch. Members of the Loyal Order served the beef dinner.

AT THE COLLEGE of Regents, held at Moosheart Saturday, June 13, Harriet Grewe received her third degree pin.

The next meeting, which will be the last of this term, will be this (Thursday) evening. There will be a bargain table set up, where all prizes left from the various projects of the year will be sold.

Installation of officers for the new term will be at 2 p. m. Sunday, June 28, at the Moose Home.

I want to be thoroly used up when I die, for the harder I work, the more I live. Life is no brief candle for me. It is a sort of splendid torch which I have got hold of for the moment, and I want to make it burn as brightly as possible before handing it on to future generations.

Original Bridal Party at Schlunz 25th Anniversary

All but one member of the original bridal party helped Mr. and Mrs. Ernst Schlunz, Jr., celebrate their silver wedding anniversary Sunday at their home at Petite Lake Highlands.

Mrs. Oliver Emenbach, one of the bridesmaids at the wedding, came here especially for the celebration, from her home in Omaha, Neb. Her husband also attended.

Almost 50 friends and relatives helped the Schlunzs mark the 25th anniversary. Celebrants came from Chicago, Lake Villa, Fox Lake Hills, and Antioch.

The wedding date actually was June 16, 1934 but the Sunday celebration was chosen to make it more convenient for relatives to attend.

Garden Club to Meet Mon. in Spring Grove

The next meeting of the Antioch Garden Club will be at 1 p. m. Monday, June 22, at the home of Mrs. Jesse Thompson, Spring Grove.

This meeting will culminate the discussion for the pending flower show, which will be the Garden Club's second annual show.

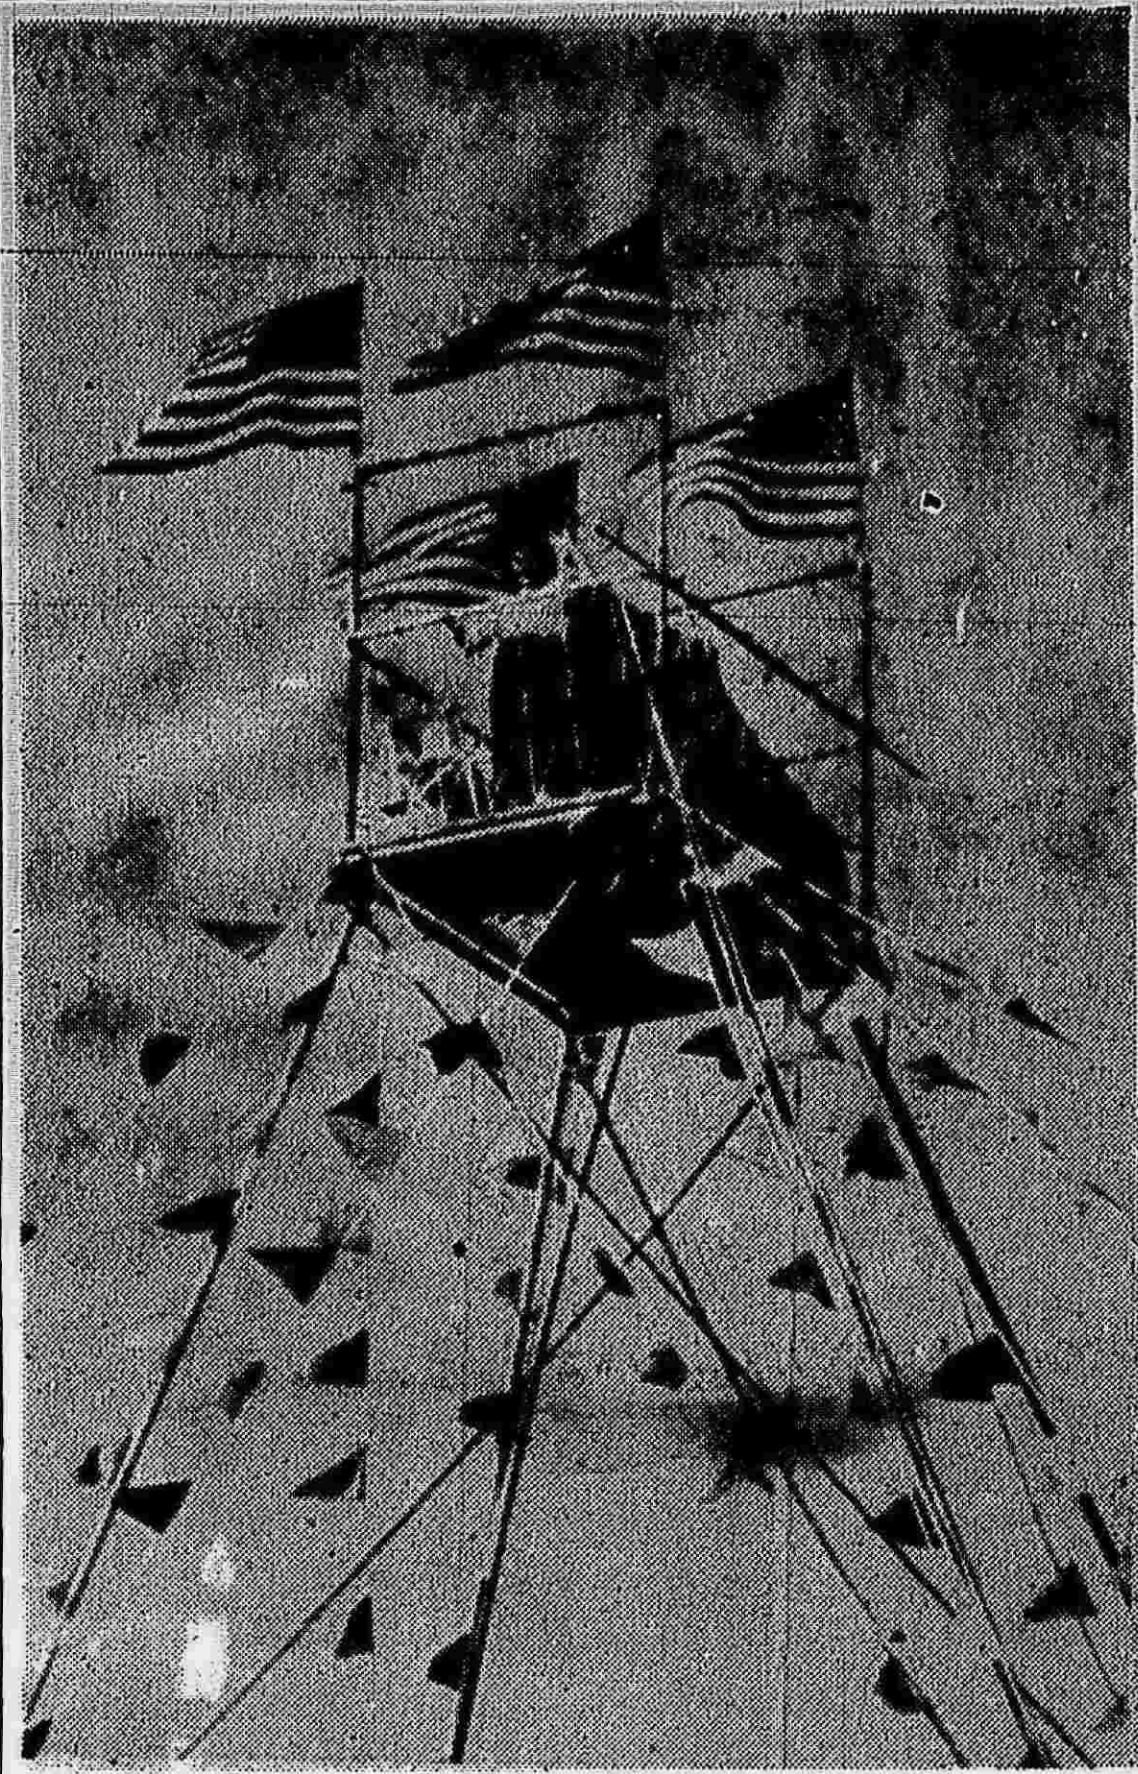

The theme of the show will be, "Salute to Hawaii," and will be held at the Antioch High School in July.

Jets Muted; Now Mink Can Be Mothers!

BONN, Germany—Minks will be among the beneficiaries of jet air regulations announced by a defense ministry official.

He said no jet fighters would be permitted to fly lower than 2,000 feet over West Germany because of the jet's booming noise. Allied pilots have been forbidden by their governments, he added, to break through the sound barrier below 32,000 feet.

Mink raisers, including former world heavyweight champion Max Schmeling, said low-flying planes kept their female mink from bearing their young.

PERT MARY KAY waves to some of her fans from her 40-foot high platform atop the Lyons-Ryan Ford building in downtown Antioch. She has not lived on the perch for 13 days, coming down for special appearances twice.

FETE MRS. QUIRK AT BABY SHOWER

Mrs. Alfred Jerde and Mrs. Charles Waters, Channel Lake, were hostesses last Thursday evening at a baby shower in honor of Mrs. Lester Quirk of Channel Lake. The party was at the home of Mrs. Jerde. After the honored guest opened her gifts, the group played a game while the hostesses prepared the buffet supper.

The holy passion of friendship is of so sweet and steady and enduring a nature that it will last through a whole lifetime, if not asked to lend money.

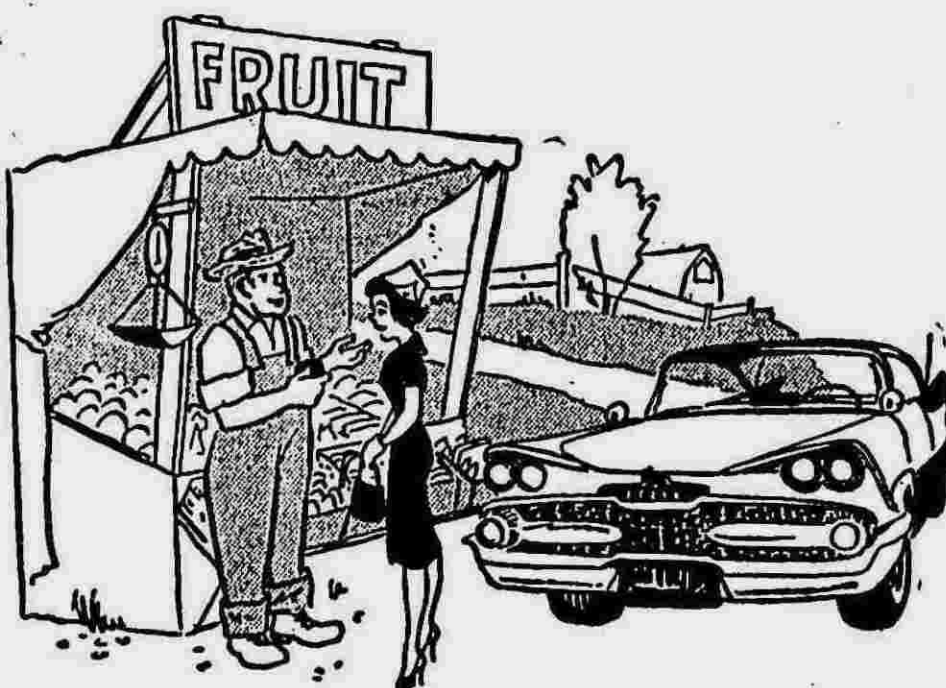

'Aunt Min's Kitchen' Opens on Wednesday

Minerva Bellucci, formerly of Chicago, opened Aunt Min's Kitchen at Channel Lake on Wednesday after closing down a similar business in the city.

Mrs. Bellucci will be assisted by her two sons, Jack and Frank in the business. Both are also studying to be doctors.

The sale of the property, formerly known as Lindy's, was handled by Cermak Real Estate in Antioch.

Expectant mothers average nine consultations with their doctors before the birth of their babies, the Health Information Foundation reports.

"It's only natural that things cost more in the country. You have to go so much farther for them."

Marriage Customs Have Deep Roots in Ancient Ceremonies

By Noel Duerden

June is traditionally the month for women for it is the time of weddings, when a young girl gets to fulfill her dreams.

But this June's wedding is a far cry from more ancient times when a boy and a girl did not choose each other by mutual selection. In those days the mate was chosen by the man entirely, whether by capture or by purchase.

And those old ways must have filled some satisfaction for the marriage customs of today give a hint of the antics of capture and purchase of a bride.

THE CUSTOM of throwing rice on the wedded couple is perhaps a carryover from the primitive Indo-Europeans when members of the couple's family threw fruit or cereals on the bridal pair to wish them luck. It also recalls the ancient custom still practiced by some African tribes of chasing after the couple to "rescue" the bride after the man had "stolen" the bride from her village. The villagers would throw sticks and screech mightily after the couple.

Also a carryover from primitive customs is the practice of carrying the bride over the threshold of their honeymoon retreat. In the days of the capture, the bride was required to struggle during the entire pursuit and ultimate capture and the groom had to carry her to his home. The only change now is that

the bride of today doesn't struggle but clings.

EVEN THE HONEYMOON is a throwback to olden days. After a man had stolen the daughter, it was the custom to hide away for several days or weeks while the tempers of the outraged parents were soothed.

While the capture of many tribal marriage customs was all in fun to some tribes it was an actual capture and the bride was not originally willing. That's where the best man came in.

It was his job to assist the bridegroom in snatching the girl and stand off the assaults of the villagers while his friend made a successful getaway. At times he even lost his life in carrying out the duties of his office. The best man of today has a real easy job.

EVEN TODAY many girls weep before their marriage but only the mind of the woman can understand why. However, in ancient days it was a custom to shed tears because she was being taken away from her family. She must not fail to do so.

While in most countries, marriage is a religious, economic or traditional necessity, marriage by purchase still is widespread. The countries where there are more men than women, brides bring a high price.

In Central Africa, the Nandi tribes consider the price of a good wife not more than 14 years old at six cows. Some girls there are wed at seven but 11 is the most common

age. The wife doesn't have to be paid for at once but an installment plan is arranged. However, if no children are born before a year, the full purchase price is often refunded.

PURCHASE PRICE of a wife varies in many tribes. The Watavetas of Central Africa place the cost of a good wife at one bull, one cow, seven goats, and six jars of beer. Two cows, two bullocks, two sheep and some goatskins are the price paid by young Masai warriors and almost every girl brings the same price.

Divorce is not uncommon in aboriginal races. They haven't heard of such terms as infidelity, incompatibility, desertion, etc., applied to both husband and wife. But laziness and bad temper on the part of the wife are perfect grounds for a breakup—and the husband often can get the marriage fee returned.

Double ring ceremonies of today, simply are a remnant of tying the knot in primitive tribes. In some parts of India, the bridal couple are tied together with a string of flowers around their wrists. A chain around the thumbs of Sinhalese tribes in India signifies the marriage unity and in some countries the couple is bound together with cloth around their bodies.

So whatever the bridal ceremony of today entails, usually it has a basis in ancient customs for marriage is one of the oldest and most important of human ceremonies.

Oh Mine Papa

SYDNEY Australia—A teacher told her class to write an essay on road safety and drunken drivers. A girl wrote:

"My dad goes to the hotel and gets two or three crates of beer and puts them in the back of the auto. He drives home, puts the car in the shed, takes the crates into the sitting room, and after tea takes off his boots, wets a big glass, lies down on the carpet, opens the crates and bottles and off he goes."

"He's sure not to meet with any kind of accident. He cannot even fall down, as he is already on the floor. He cannot get run over and he cannot hurt anyone else as the car is in the shed."

"Mum says her great worry is to get dad to bed."

A/1c CARDIFF VISITS HERE

Airman 1-c Donald Richard Cardiff, who has been stationed at Great Falls, Mont., is spending a two weeks vacation with his parents, Mr. and Mrs. Harold E. Cardiff and family, at their home on North Main street.

THEY CAN'T TAKE IT—EH!

BERLIN—The East German satirical magazine Eulenspiegel (Owl's Mirror) has been accused of preparing the ground for counter-revolution with gibes against the state and the Communist party.

Albert Norden, a secretary of the party's central committee, speaking at a meeting of communist newspaper men, said that it was guilty of "infamous slander" and "dirty, insulting attacks." His speech was reported by the party magazine Neuer Weg.

Seeds of Revolution

"Recent experience shows that indiscriminate attacks against party and state officials directly prepare the ground for counter-revolution," he said.

Satire, he went on, should be aimed only at the enemies of communism. Their targets, he said, should be "the daily atrocities against the Algerians, the Suez war of the French and British imperialism, the ban on the Communist party in West Germany, the scandals of the West Berlin City government, and the anti-Negro pogroms in the United States." (Webster's New International dictionary second edition, defines pogrom thus: "An organized massacre of helpless people.")

Fools for Work

Citing examples of what should not be done, Norden said that while the party and government took pains to prevent young people from leaving the countryside to work in the cities, Eulenspiegel had carried a front page cover cartoon "from which one would conclude that no one but a fool would work in the backward countryside."

Most of the 16 pages of recent issues of the periodical have attacked the western nations and there has been only an occasional attack on communist bureaucracy.

Paradise Lost

MUNICH—The people of Budapest have not lost the gift of laughter, despite the Communists.

One Hungarian asks another: "What nationality were Adam and Eve?"

The other replies, "Hungarians—they lived in a paradise without clothes."

Goulash Bearly Gets on Menu

BERLIN—A zoo director in Communist Germany, is serving up some of his surplus bears as goulash in the zoo restaurant, the Leipziger Volkszeitung said.

The idea is to help ease the meat shortage, the paper said.

"I HAVE A QUESTION Doctor!" This was a common phrase Monday as Bill Cox interviews Dr. Michael Dean on the Mary Kay show. Dr. Dean was one of many guests who appeared on the show last week. Cox is the producer of the show.

Saar Bans Communist Party on German order

SAARBRUECKEN — The Saar government banned the Saar Communist party. A government spokesman told reporters the West German Constitutional court instructed the Saar interior ministry

to ban the party as it was the Saarland equivalent of the West German Communist party. The two Communists in the Saar parliament automatically lost their seats.

A flaw in a piece of white jade may be ground away, but a word spoken amiss may not be called back.

"Why did I let him get me so upset?"

When your worries take the wheel, you're a potential killer! It's a fact. When worries get you down, you just can't concentrate on driving. And that's when you can cause an accident! Last year, many of the nearly 37,000 who died in traffic accidents were killed by drivers whose minds were on their troubles, instead of on the road. So check yourself. Don't let anything distract you when you drive. You'll live longer—and so will others.

Where traffic laws are strictly enforced, deaths go DOWN!

265 Attend
Brownie Scout
Day Camp

Two hundred sixty-five Brownie Scouts and their counselors of Lakeside council have completed their Day Camp at Lakewood Park, Hainesville road, Round Lake. The day camp under the direction of Mrs. Lloyd Cowell, Round Lake, had its most enjoyable and successful season to date, thanks to the many hours of training and work of the counselors and the wonderful cooperation of the weatherman.

Due to the fact that Lakeside Council does not have a camp or camp-site of its own and has to rent available facilities, only a limited number of Scout registrations could be accepted.

THE 214 BROWNIE Scouts, divided into 12 units, worked, played, cooked, learned new crafts, games, songs and skills, and how to work and get along together. Each unit had three "cook-outs." The Brownies chose balanced menus, built the fires, prepared and cooked the food, and of course cleaned up after. Mrs. Eugene Erickson, Round Lake, past president of Lakeside Council, was the honored guest at the day camp on Thursday.

Several good games of soft ball and dodge ball were enjoyed by the counselors while the Senior Girl Scouts, who were helping out at camp, taught new songs and games to the Brownies.

DURING The closing hours of camp Friday Brownies held a "Trading Post" swap between units of special craft items they had made, and signed camp-side autograph books. Each child had a health check daily by three volunteer registered nurses who alternated: Mrs. Lloyd Bowyer, Mrs. Francis McHugh and Mrs. Elmer Stieler.

Mrs. W. F. Bruhn, Lakeside Council President was Asst. Camp director, Mrs. Don Morris, business manager, also unit counselor; Mrs. Dick Arion, food and craft supply buyer; Mrs. George Horn, Arts & Crafts consultant. Mrs. Joseph Massick, with the assistance of Senior Scout, cared for the "Small Fry Nursery"—30 to 40 small tots of the counselors. Senior Scouts acting as counselors and assistants were four of the five Senior Scouts of Lakeside Council who will attend the Round Up in Colorado Springs in July.

Many Know of Big
Fish in Cross Lake,
But Few Sighted It

Several persons have verified that there is some sort of "big fish" in Cross Lake backing up the sighting reported last week by Mrs. Mildred Haycock of Rt. 2, Antioch.

However, whether the big fish story is a fact, a myth, a legend, or a hoax still has to be proven. Inquiries revealed that very few persons have seen any such big fish but many persons claim that such a fish does exist.

However, many persons claimed that the Loch Ness Monster also existed and science swore that the Pittdown Man was authentic. Until Mrs. Haycock gets her vivid lures from Frances and catches the big fish the doubting public can not be sure.

The Antioch News and Lakes Theatre invite R. G. Hughes, Rt. 2, Box 217, Antioch, and one to attend Sunday, Monday or Tuesday's show on June 21, 22, or 23, at Lakes Theatre.

4-H Activity Increases At Salem; Robert Schmidt in Washington, DC

By Mrs. Byron Patrick
Salem Correspondent

The 4-H program moved into the spotlight in the Salem area this week with the announcement that Robert Schmidt, son of Mr. and Mrs. Alfred Schmidt, would be one of only four from the state to attend the 4-H Congress in Washington. He left Friday for the trip.

Two others left Monday for Madison where they will attend the state 4-H Camp. They are Mrs. Alfred Schmidt and Norman Barthel. Mrs. Schmidt will be a counselor and Barthel went as a delegate from Kenosha county.

THOSE TAKING part in the evening schedule of the 4-H demonstration contest for Kenosha county held at Central High school last Friday night were Jimmie Barthel, junior leader; Louis Slamar, Salem, who demonstrated making a bird's nest; Daniel Patrick, Salem, who showed how to make a window lift; Tom Barthel, Salem, making book ends and Stanley Messmer, Salem, who demonstrated making a bench hook.

The boys were highly successful, said Barthel, their leader.

On Monday, four boys left for the junior 4-H camp held at Hastings Lake YMCA Camp at Millburn. They are Daniel Patrick, Louis and Frank Slamar and Stanley Messmer.

Mr. and Mrs. Billie Dix and family have returned from a trip to South Dakota. Master Nathan Dix stayed with his aunt, Miss Joyce Dix, while his parents were gone.

Dick Imrie of Lyons, Wis., spent the past week with his aunt and uncle, Mr. and Mrs. Robert Imrie.

Mrs. James Manning and children of Winter Gardens, Fla., are spending several weeks with Mr. and Mrs. E. T. Manning.

Mrs. Minor Hartnell entertained on Sunday for Mr. and Mrs. Andrew Fenema, Jr., and family of Kenosha, William and Henry Cook and Mr. and Mrs. Richard Hartnell and family.

The Royal Neighbors met on Thursday evening with a small number of members present. They met at the home of Mrs. Minor Hartnell. The next meeting will be with Mrs. Herman Schultz.

Mrs. Lee Wilson is a patient at Zion hospital where she underwent

surgery recently. The W. S. C. S. of the Salem Methodist church met at the parish house on Thursday afternoon. This was the first meeting of the year. The new president, Mrs. Godfred Nelson, presided at the meeting. It was voted instead of holding bake sales, each member give a dollar a month during June, July and August. The hostesses were Mrs. Minor Hartnell and Mrs. Byron Patrick.

Mr. and Mrs. E. H. Hartnell were dinner guests on Sunday of Mr. and Mrs. Byron Patrick.

Mr. and Mrs. Byron Patrick called on Mr. and Mrs. Tony Fredson at Camp Lake on Sunday.

Oliver Corp. Sets Demonstration of Farm Machinery

The most comprehensive farm and industrial equipment demonstration and products display program ever presented by the Oliver Corporation will be held near Libertyville Saturday, June 27, according to Carl L. Hecker, president.

The exhibition site is the 4,800-acre Hawthorn-Mellody Farm, 1 1/2 miles south of Libertyville on Rt. 21.

THREE HUNDRED and fifty pieces of farming and construction equipment, valued at approximately \$1,000,000 will be shown to the public. This is the biggest assemblage of products from its seven plants and affiliated suppliers that Oliver has ever staged.

Demonstrations with this equipment, illustrating the magnitude of mechanization in present day farming and construction operations, will be held at scattered points on the farm. Tractor drawn wagons will transport guests to these locations in a continuous shuttle service.

The Antioch News and Antioch Theatre invite G. A. Hansen, Rt. 1, Box 101, Antioch, and one to attend Sunday, Monday or Tuesday's show on June 21, 22 or 23, at the Antioch Theatre.

Millburn DeMolay To Install New Officers Sunday

By Mrs. Frank Edwards
Millburn Correspondent

Millburn Chapter of DeMolay will hold a district meeting and installation of officers on Sunday afternoon, June 21, at 3 p. m. at Millburn Masonic Temple. Following the ceremony a buffet supper will be served. You are cordially invited.

Mr. and Mrs. Vernon Stahnke and daughters of Arlington Heights spent Sunday at the Leslie Bonner home.

Col. and Mrs. John Kaluf, Mrs. J. Kaluf and Mrs. Frank Edwards spent Saturday evening at the John Edwards home in Libertyville.

The Study Group will meet Thursday, June 25 at 9 a. m. at the home of Mrs. Bert Doolittle.

Mrs. Clifford Moore returned to her home in Spooner, Wis., after spending several weeks with her daughter, Mrs. Herbert Graham.

Mr. and Mrs. Clarence Hauser of Paris Corners, Wis., and Mr. and Mrs. Elmer Hauser and family of

Beach spent Sunday afternoon at the Frank Hauser home.

Mr. and Mrs. John Edwards and family and Miss Marian Edwards of Libertyville spent Sunday evening at the home of Mrs. Frank Edwards.

Mrs. Harley Clark, sons, John, Glenn and Bob, enjoyed a picnic at the Earl Turnpugh home at Kansasville, Wis., Sunday.

Mrs. Addie Lucas returned to her home in Wadsworth after spending several days at the Charles Lucas home.

Col. and Mrs. John Kaluf of Bethesda, Md., spent a few days visiting his sister, Mrs. Frank Edwards and his mother, Mrs. John Kaluf.

Mr. and Mrs. Charles Lucas and Mrs. Addie Lucas took a trip to Comanche, Iowa, Friday and Saturday.

Miss Millicent McCanday and her mother called at the home of Mr. and Mrs. Leslie Bonner Thursday from Winchester, Ill., and are on their way home to Duluth, Minn.

Mr. and Mrs. Harold Myers are the parents of a daughter born Sunday at Victory Memorial Hospital.

Mr. and Mrs. Victor Strang of Waukegan were Sunday afternoon callers at the home of Mr. and Mrs. Leslie Bonner and Mrs. Lyman Bonner.

Missionary Sunday service will be

observed Sunday morning, June 21 at 10 a. m. in Millburn Congregational church. Children's Day was held last Sunday morning at the church service.

The Junior Pilgrim Fellowship family picnic was held at Hastings Camp Sunday afternoon with 45 present.

Rev. and Mrs. L. H. Messersmith attended the ordination for the Rev. Ned Martin at Glenview Congregational Church Sunday evening.

Seventeen members of the Devotional Study Group met at the home of Mrs. Carl Anderson last Thursday morning.

Mr. and Mrs. William Paulsen attended the graduation exercises of their daughter, Judy, from the Evanston Hospital of Nursing at Northwestern Monday morning.

A total of 836 dairy herds in Illinois made an average of 400 or more pounds of butterfat during 1958 and received National Honor Roll Certificates issued by the purebred Dairy Cattle Association.

Dairy calves can digest as much as 9 per cent butterfat in milk. But at that rate they will scour more than calves getting only 3 per cent butterfat in their milk ration.

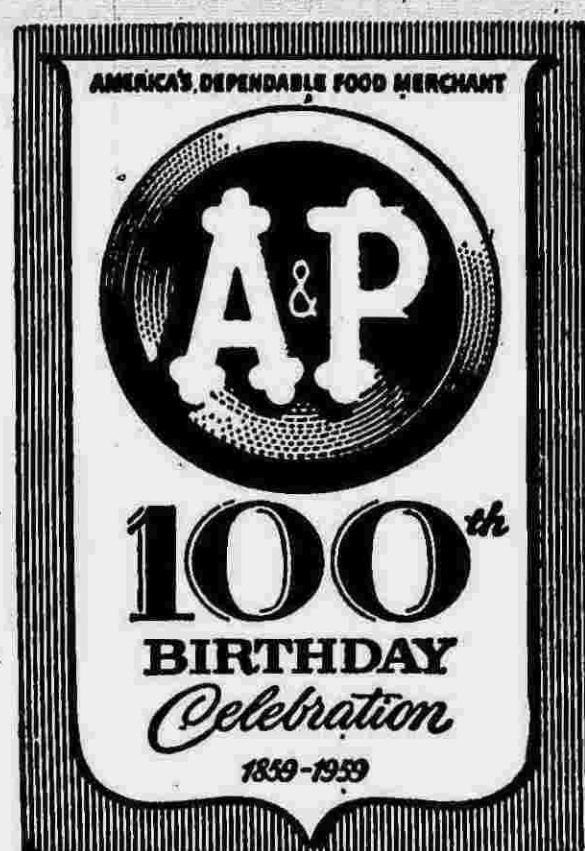

Baptist Laymen's Group has Annual Meeting at CBCH

Children from the Central Baptist Children's Home in Lake Villa served the meals for the 255 members of the Chicago Council of Baptist Men who met at the home Saturday for the 17th annual laymen's conference.

The council of laymen attended five seminars regarding Baptist laymen's activities and seven groups of worship services during the conference. They also heard the Rev. Earven Anderson, pastor of the First Baptist Church of La Grange speak on "Pastor and Men Finding God Anew Together." The minister was a winner of the John Mason Peak award for 1958.

SPEAKING AS A layman, Charles P. Smith, Alton, who is field representative for Illinois Baptist Convention, spoke on "Stout Hearted Men."

The lay group has been holding its convention at the Children's Home for many years and members came from many points in the mid-west. The children served three meals in the gym building.

Cubs Win Doubleheader to Open LV Little League Park

Two exhibition games opened the new Lake Villa Little League park Sunday to the delight of almost 100 fans as the Cubs, current league leaders took both ends of a double-header.

The wins by the Cubs were the third and fourth in a row and keep the team unbeaten. However, the Sunday games were exhibition affairs and do not count in the standings.

IT WAS ANNOUNCED at the game that young Phil Jackson sold the most tickets in the township and received a pair of baseball shoes as his prize. He sold 206 tickets, says Bob Sweeney.

In the first week of the league the Cubs showed power to spare in conquering all opponents and moving to the top of the league with the Braves. The way the race shapes up, the feature game of the

young season will be next Wednesday when the two teams clash for the first time.

The schedule for next week is as follows: June 19—Sox vs. Cubs; June 22, Braves vs. Dodgers; June 23—Yanks vs. Pirates; June 24—Braves vs. Cubs; June 25—Pirates vs. Dodgers.

THE STANDINGS through last week:

| | W | L | GB |
|---------|---|---|----|
| Cubs | 2 | 0 | • |
| Braves | 2 | 0 | • |
| Pirates | 1 | 1 | 1 |
| Sox | 1 | 2 | 1½ |
| Yanks | 0 | 1 | 1½ |
| Dodgers | 0 | 2 | 2 |

The first home run of the season was hit by Jerald Dewar, a pitcher for the Pirates in last week's 12-5 win over the Sox and Dave Scofield also hit a home run in Sunday's exhibition game. Scofield is a heavy hitting third baseman for the Cubs. He also got the first hit of the season last week in the opening game of the season.

2-Day Boat Race Meet at Volo Sat.-Sun.

Marine Racing Club of Chicago and the Power Boat Assn. have sanctioned the running of 22 heats of boat racing on Saturday and Sunday, June 20-21 at Sullivan Lake, located 1½ miles northwest of Volo, off Rte. 12.

Entries will include inboard ski, inboard hydroplane 48 and 135 as well as outboard class A, B, C, and D, both utility and hydroplane. Competitive boats from the states of Michigan, Wisconsin, Iowa, Indiana, Pennsylvania, Ohio, California and Illinois will participate.

The Ray Bannister Memorial Trophy will be presented to the club scoring the most points following Sunday's race.

The 1958 inboard national champion Ski-1 owned by Walter Lampert of Chicago will compete on both days, the boat, the Widow Maker, races regularly on Fox Lake.

Mary Now a Celebrity

(continued from page 1)

ties as well as lecture dates for sales meetings, etc.

Coming up this week will be Eddie Ducette of Chicago TV and radio fame. Ducette is scheduled to appear on Mary Kay's show on Friday.

Ducette, a famous chef and food expert, will be interviewed on the show and it is hoped that a live demonstration of his art can be arranged.

The next scheduled public appearance for Mary Kay off her platform will be Wednesday, June 24, when she will participate in the 10th anniversary ceremonies of the Little League.

ACCORDING TO BILL Lang, president of the Little League, all the teams will be on hand in uniform. The complete guest roster has not as yet been completed but Lang reports that a full program is being developed and it should be a big night for all Little League fans.

Lang also reported that final plans are being completed for the Little League benefit dance July 11. The dance is to be held at the Norshore Resort on Lake Catherine with music being provided by King Jaro and his orchestra.

Mary says that with the cooler weather things have been much more comfortable on her platform. It got so cool in fact that it was necessary to provide her with an electric blanket.

She reports that her fan club is growing and she gets mail every day. One thought that Mary says never changes and that is, "I'll be glad when the 4th of July gets here."

Punches Holes In Myths About Lincoln

An ever-increasing mythology has sprung up around the life of Abraham Lincoln, Dr. R. Gerald McMurry, director of the Lincoln-National Life Foundation, stated.

"Long ago the historian lost Lincoln to the mythmakers—to folklore. A rather constant Lincoln myth prevails that the sixteenth president sprang from an obscure family. In Abraham Lincoln's direct paternal ancestry there was a governor of the

State of Massachusetts, a governor of the State of Maine, a general in the Revolutionary War, and the Attorney General in Thomas Jefferson's cabinet. One of the kinsmen of Abraham Lincoln married the daughter of Paul Revere, while another relative wrote several works on the science of botany.

"STILL ANOTHER myth pictures Lincoln as a consistent failure until destiny swept him into the presidency. Actually Lincoln was elected to the Illinois Legislature at the age of 25 and was re-elected at each bi-annual election thereafter for 8 years. At the age of 27 he was floor leader in the legislature. At 31 he was presidential elector for Harrison, at 35 elector at large for

Clay, at 39 the lone Whig congressman elected from Illinois. In 1849 he declined a tentative appointment as Governor of the Oregon territory. In 1854 he was again elected to the legislature and in 1856, with no effort whatever on his part, he received 110 votes in the first National Republican Convention as a nominee for the vice presidency."

Some of the other Lincoln myths which Dr. McMurry can disprove with documentary evidence are: The questionable paternity myth, the maternal lineage myth, the matrimony myth, the infidel myth, the slavery myth, the Booth myth and the modern debunking myths.

Sox Schedule Try Out Camp On Saturday

Farwell Field, Lake Forest College, will be the site of the first White Sox Tryout Camp within a 200-mile radius of Chicago, Saturday, June 20, from 11 a.m. until 5 p.m.

Youths between the ages of 16 and 22 are invited to try out under the supervision of two former American League pitching greats, Charles "Red" Ruffing and Paul "Dizzy" Trout. Players trying out are requested to bring their own personal equipment. Baseballs and bats will be furnished by the White Sox.

THE LAKE FOREST College camp is part of one of the most extensive baseball tryout camp programs ever undertaken by a major league club. The plan, conceived by President Bill Veck, will cover most of the states in the union and several of the Latin American countries, along with parts of Canada. It will be in effect for a two-month period.

Coach Nick Wasylik, head of the Athletic Department at Lake Forest College, and John G. Andersen, Superintendent of Buildings and Grounds, will be on hand to assist White Sox representatives during Saturday's tryouts.

New Ad Manager for Antioch News Named; Nordmark Goes to LA

Former advertising manager of The Antioch News, Gerald Nordmark, has accepted a position on the advertising staff of the Los Angeles Examiner. He will join the paper on July 6 and will be assigned to sales work on Pictorial Living, the rotogravure section of the Sunday newspaper.

Nordmark came to The Antioch News in November, 1958, from Hibbing, Minn., and previous to that was business manager of the Daily Northwestern at Northwestern University where he graduated in 1958. His wife, Videll, taught school last year in Fox Lake.

New advertising manager of The Antioch News is George L. Stuckey, formerly of Cary. He was owner of the Valley Publishing Co. in Cary-Woodstock and has held editorial and advertising positions on daily and weekly newspapers for 30 years. He has worked in almost every state in the midwest.

Jackpot Deluxe

SAN DIEGO Calif.—Mrs. Jennie Jerome O'Connor hit the jackpot when she took her 15 children out for hamburgers. She happened to stop in at a drive-in that pays your check if the blue star comes up on the cash register sales slip. It did.

DEATH NOTICES

FLORENCE M. VOLK

Funeral services for Mrs. Florence M. Volk, 72, of Channel Lake, were held Tuesday at Strang Funeral Home, Antioch, with the Rev. Edmond Hood of St. Ignatius' Episcopal Church officiating.

Mrs. Volk died Saturday at Victory Memorial Hospital in Waukegan after a three weeks illness. She was born July 2, 1886 in Chicago and moved to Antioch in 1908 and then back to Chicago. She came here to reside permanently in 1932 and had served as a sewing teacher at Kemper Hall School in Kenosha. She was a member of St. Ignatius' Episcopal Church.

Her husband, Paul, died in 1934 and she is survived by two sons, John F., Channel Lake and William P., Louisville, Ky., also a sister, Mrs. Cora Budge, Channel Lake, and two grandchildren.

Burial was in Rosehill Cemetery, Chicago.

CLAYTON T. LESTER

Clayton T. Lester, 69, 8204 Lynn Ave., Tampa, Fla., died Monday at 9 a. m. at home, after a lingering illness.

He was born April 6, 1890 in Chicago and lived in Racine and Kenosha counties most of his life. He retired and moved to Tampa eight years ago. He was a barber, a farmer and a carpenter and once took a course in agriculture at the University of Wisconsin.

He married Lela E. Kennedy on April 7, 1916, in Chicago and his survivors include the widow; one daughter, Mrs. Charles (Virginia) Albright, Tampa, Fla.; one sister, Mrs. Frances Holst, Chicago.

Funeral services will be at 2 p. m. Friday at the Strang Funeral Home in Antioch, with the Rev. Carroll Usher of the Wilmet Methodist Church officiating. Burial will be in Liberty Cemetery. Friends may call after 6 p. m. Thursday.

GODOLEVA (ANNIE) LAZZARO

Mrs. Guido (Annie) Lazzaro, 66, Petite Lake, Antioch, died Monday, June 15, at Hampstead House at Lake Villa, after a four weeks' illness.

Born in Lucca, Italy, she came to America in 1920, settling at Smithers, W. Va. She later moved to Chicago and to Petite Lake in 1940.

M. r. and Mrs. Lazzaro operated Lazzaro's Resort from 1940 until his death on Nov. 5, 1957. She was a member of St. Peter's church.

Survivors include one sister, Mrs. Georgina Belluomini of Chicago and two nephews, George Belluomini of Petite Lake and Andrew Belluomini, Chicago.

Services will be at 10 a.m. Friday in St. Peter's Church and burial will be in Mt. Carmel Cemetery. Friends may call after 7 p. m. Wednesday.

THORSTEN A. FJELLSTEDT

Funeral services for Thorsten A. Fjellstedt, 61, of Oak Lane Rd., Long Lake, will be held Thursday at 1 p. m. at Trinity Evangelical Lutheran Church, Long Lake, with the Rev. Alfred Langbough officiating.

Mr. Fjellstedt died suddenly at 6:30 a. m. Monday, June 15, at his home. He was born in Sweden but moved to this country and to the Long Lake area 14 years ago. He was an electrical engineer working in Milwaukee.

He is survived by his widow, Emily, two daughters, Mrs. Ann Marie Baskin and Emily; two sons, Thorsten, Jr., and Paul, Long Lake. Also surviving are two sisters, Mrs. Lillian Anderson and Mrs. Edith Lundborg.

Funeral arrangements were handled by Ringa Funeral Home, Lake Villa.

GEORGE BRANDT, SR.

George Brandt, Sr., 57, died of injuries after he fell from a ladder in Chicago on June 11. He lived at 1802 Hickory Dr., Round Lake.

He was born in Germany and came to Chicago and then Round Lake 18 years ago.

Survivors include his widow, Martha, two sons, George, Jr., Lindenhurst, and Walter, Round Lake; two daughters, Mrs. Evelyn Lang and Mrs. Elfrida Krejci, both Chicago.

Funeral services were held Monday at 1 p. m. at Ringa Funeral Home, Lake Villa, with the Rev. Gerald Robinson of Community Methodist Church, officiating. Burial was in Fort Hill Cemetery, Round Lake.

BERTHA A. HAHN

Mrs. Mathias Hahn, 76, a former Wilmet resident and lately living in Kenosha, died June 6 at Kenosha hospital after a short illness.

She was born Jan. 14, 1883, in German and came to the U. S. as a child, settling near Silver Lake. She moved to Kenosha in 1922.

Her husband died in 1958.

Surviving are two sons, Floyd, Kenosha; Elmer, Riverside, Calif.; a daughter, Mrs. William Wolff, Washington, D. C.; two brothers, Frank and Fred Albrecht, both of Wilmet, and a sister, Mrs. Millie Darby, Kenosha.

The funeral was held June 9, at St. Luke's Evangelical Lutheran Church with burial in Wilmet cemetery.

ELMER C. SCHULTZ

Funeral services for Elmer C. Schultz, 64, a lifetime resident of the Wilmet area, were held June 10 at the Immanuel Lutheran Church, Lake Geneva.

Mr. Schultz died in Burlington on June 8 after a long illness. He was born Dec. 5, 1894 at Bassett, Wis., a son of Mr. and Mrs. Charles Schultz. He married Fanny Boughton at Wilmet in 1914 and she died in 1957.

Survivors include five sons, three brothers and a sister. One son preceded him in death.

Burial was in Wilmet Cemetery.

Save 129 gallons a year
'59 Ford Pickups
delivered 25.2% better gas mileage
... than average of other leading makes

A 25.2% saving averages out to 129 gal. of gas for every 10,000 miles of driving

An independent research firm tested all leading makes of six-cylinder half-ton pickups. And the '59 Fords scored a clean sweep! Better gas mileage at 30 mph, better at 45, at 60, and in city traffic! Come in and test drive a new Ford Pickup today. Check the certified proof on America's thriftiest truck.

Champs Mimic Yankees, Upset to Softball Cellar

Last year's champions, like the New York Yankees, dropped to the bottom of the heap in the first week of play in the Lake-Keno Men's Softball League. The Antioch Bowl squad dropped an opening night encounter 19-16 to Jim's Service and then were upset on Thursday 17-13 by a surprising Fox Lake Hills Sportsmen crew.

P. Gosill of the Fox Lake Hills squad served notice he would be a danger to every team in the league as he whacked out two home runs and two doubles in helping his team to the season's first major upset. However, the entire game was spotty on defense as the two teams committed 13 bobbles, seven by the winners.

M. Votova also homered twice for

the victors. However, standing atop the league scramble is Jim's Service which picked up its second win with a 13-8 smash over Thom-Eric Construction Co. The Thom's contributed to their own loss with seven miscues afield.

The home run lead after a week in play finds four men tied with two each. League scorers Bill Ferris of Trevor, has Arnox of the Saddle Inn squad and J. Scully of Jim's Service ranking along with Gosill and Votova.

The week's line scores:
Saddle Inn 300 002 5-10-14 7
Lake Villa 103 030 0-7 9 4
Home runs: Arnox, Saddle, 2; B. Schneider, LV, 1

Fox Lake vs. Bussie's, Rained out
Jim's Service 410 215 0-13 15 2
Thom-Eric 001 203 0-6 11 7
Home runs: Scully, Jims, Antioch Bowl 406 200 1-13 16 8
Fox Lake Hills 722 003 x-17 15 7
Lake, 2 each; Sandre, Bowl.
Home Runs: Votova, Gosill, Fox

Pirates to Hold 2 Tryout Camps

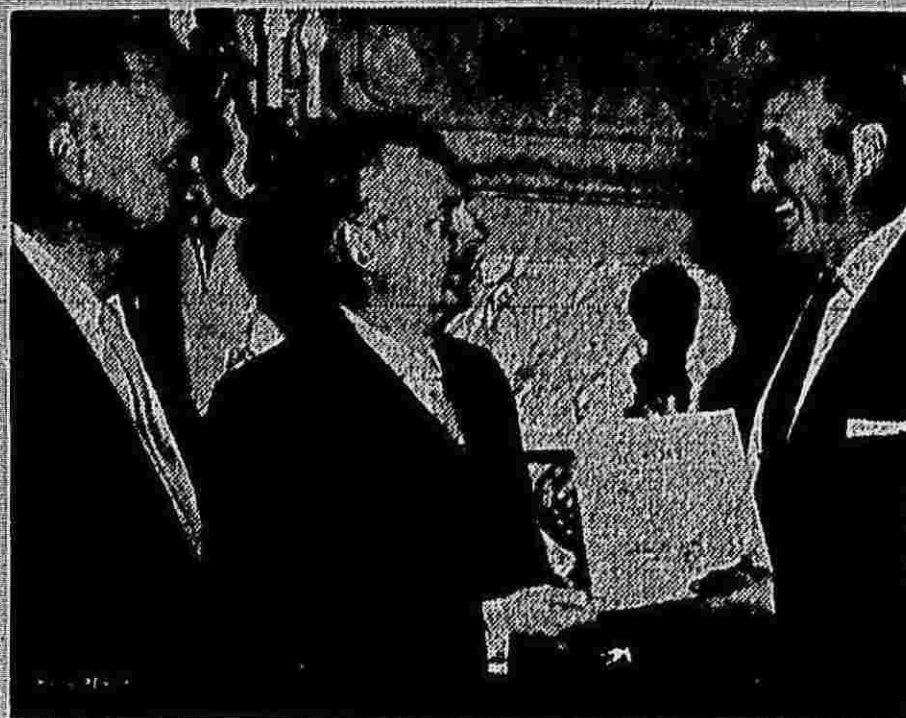

Baseball tryout camps will be held this month at Kenosha and Elgin by the Pittsburgh Pirates with two days at each camp.

Both camps will be under the direction of Syd Thrift, Pirates' Scouting Supervisor in the Illinois-Wisconsin territory.

THE KENOSHA CAMP will be on June 22-23 at Simmons Field and the Elgin camp will be June 25-26 at Wing Park. All sessions will begin at 9 a. m. daily.

Players must be at least 16 years old to be eligible to attend and no Junior American Legion player will be permitted to participate in either camp if it would interfere with any of the Legion activities.

Players are expected also to furnish their own baseball shoes, uniforms and gloves with the Pirates furnishing all other equipment. Players also will be responsible for their traveling and living expenses with the understanding that all expenses will be reimbursed to those players signed to contracts with the Pittsburgh organization clubs.

FORMER MAJOR LEAGUE pitcher Emil "Dutch" Leonard (right) receives the Pop Warner award for service to youth from Gov. William Stratton. The veteran big leaguer is a member of the Illinois Youth Commission and conducts baseball clinics throughout the state. Robert D. Patton, youth commission chairman, is at left.

Moose to Take Mary Kay on Mooseheart Trip

Senior Regent May Palmer, the Past Senior Regent Mildred Gillum and the Past Governor Lester Nelson of Antioch Moose Lodge will escort Mary Kay, Antioch's flag pole sitter, to Mooseheart on Wednesday. The Lions Club, sponsors of Miss Kay, have agreed to let her come down for the tour.

The Antioch Moose Lodge was on the air at 2:30 p. m. Sunday on the WKRS broadcast from the Lyons-Ryan Ford Garage.

Robert Avery, governor of Antioch Moose Lodge, talked in general on the Moose Home in Antioch.

May Palmer, senior regent, gave a short talk on Mooseheart, the child city and its purpose.

Walter Good, prelate, talked on Moose Haven, Fla., the home for the aged.

Road America Race Can Also Be a Picnic

Car racing for dad, sun basking for mom, fun for the kids!

When the International June Sprints are held at Elkhart Lake, Wis., Road America, on Saturday and Sunday, not only will it be an event of considerable importance in the sports car racing world but it will provide midwestern sports enthusiasts with a matchless opportunity for combining top sports thrills with holiday relaxing.

FOUR NATIONAL RACES sponsored by the Chicago Region of the Sports Car Club of America will be held over the Saturday-Sunday week-end, plus a special short race for beautifully preserved vintage cars. And between the actual competition, the highly-interesting practice runs, and the park-like atmosphere of Road America, the whole racing session should be an attractive family outing as well as a racing extravaganza.

Unlike the typical oval-track layouts, Road America is spread over 523 beautiful acres of rolling Kettle Moraine countryside—and in mid-June, this moraine-land is blooming with green grass and flowers. With its four-mile racing strip winding through this acreage, spectators have ample opportunity to leisurely saunter over the many paths to such picturesque viewing spots as Camera Lane, Canada Corner, the Kettle Bottoms, Thunder Valley.

President Cliff Tufte has announced that, for the first time, all panorama or other seating facilities will be available without charge, including the colorful Toonerville Trail transportation wagon. Cars are driven into the Road America grounds from several highway gates and can be moved about to the many scattered parking areas without difficulty.

TUFTE POINTED out that the removal of any special grandstand charges will carry out the Road America policy of permitting and even encouraging spectators to roam about the course at their pleasure, within the lines of safety fences. Said Tufte: "Now fans will be able to go from one place to another, sit and watch for a while, get up and go to another, and, if they like, come back later on—or go to still another favorite spot. All without paying extra."

From this standpoint, spectators can enjoy literally a full day's June holiday outing, arriving in the morning and staying through the afternoon, combining the finest of American road-racing excitement with the relaxed, informal feel of a "fun day."

There will be one 80-mile, 20-lap race on Saturday for production cars starting at 3:15 p. m. and 3 1/2 hours of practice beginning at 9:30 in the morning will keep the track busy. On Sunday, besides the vintage race at 11:15 and an hour's practice at 10 a. m., there will be two 60 mile, 15-lap races at 1:15 and 2:30, climaxed by the feature event of 140 miles (35 laps) for such "big iron" as Ferraris, Jaguars, Porsches, Corvettes, and perhaps even a Scarab.

Sox Go to Top Of Antioch Little League

Emerging as the team to beat after the first week of play in the Antioch Little League is the Sox entry sponsored by Lake County Heating. The youngsters moved to the top of the league an undefeated 3-0 record.

After the leaders, bunched are the Giants, Tigers, Dodgers and Yanks which all have even-up 1-1 records. Bringing up the rear are the Cubs who have failed to win in three starts.

And with the season off to a good start, league president Bill Lang again issued a call for more fathers to help out in keeping field in playing shape. Of an estimated 200 fathers with boys in the league, only 20 currently are helping the league, Lang said.

Minor league players will continue to meet every Monday night at 8:30 p. m. at the Little League park. The 8-9-10-year-olds are being directed by Bernie Dost and 15 fathers help guide the eight teams.

Babe Ruth League opened its season on Saturday with Vana Beverages tripping the Moose Lodge in the tilt on the high school field.

Games are played every Wednesday at 6:30 and Saturday afternoon at 2 p. m. in the county league.

Parents are needed for the Babe Ruth teams also and a manager is needed for Vana Beverage squad, Lang says. Babe Ruth ball is played with boys 13-14-15 years old under major league rules on a big league size diamond. Every boy on every team and in every age bracket must play in every game.

Altergott Named Pro At Diamond Country Club

David Altergott, Jr., has been named to head up the pro department and pro shop at the George Diamond Country Club, Highway 59 and Grass Lake Road, Antioch, it was announced by George Diamond, founder and owner of the club.

Altergott, 22, previously served as assistant pro at Tam O'Shanter Country Club in Niles, Ill. A resident of Park Ridge, Ill., Altergott was educated at the University of Iowa and Louisiana State University. At the latter school he starred as a member of the golf and grid teams.

Formerly the Chain O' Lakes 18-hole public fee course, the George Diamond Country Club this year will begin its first full season as a private club.

Lake Spray Project Said 'Successful'

"Highly successful" is the report of the Paddock-Lake-weed-spraying program held last week by the Paddock Lake Businessmen's Assn.

The spraying was done Wednesday around the entire lake with a special chemical applied by an officer of the state department of conservation. Equipment was made by the businessmen.

THE LAKE SPRAYING, to control weeds and also to help the fish population, was the first of what is planned to be an annual event, says Donald Klapper, spokesman for the businessmen. It is the first lake sprayed in Kenosha county and one of only about 20 in the state so treated, he says.

The decision to spray the lake with the eight barrels of sodium arsenate was made after the conservation department announced plans to kill all the lake's fish last fall. After the killing, the lake would be replanted.

However, the residents did not want to see all the fish killed and came up with the spraying plan which would eliminate all the weeds near the shore. A later seining will get all the junk fish in the lake.

THE LAKE WAS opened again Sunday to swimmers and fishermen after the chemicals had disappeared and observations showed that the chemicals had done a good job. Most of the weeds were dead and the remainder were dying, Klapper said. The only spots left to be done are in some back bays and channels.

Aiding in the project by posting beaches and keeping boats out of the dangerous lake were the Kenosha County Park System, the Paddock-Hooker Lake Property Owners' Assn., and the North Shore Paddock Lake Community Club. "They were a great help," Klapper added.

As a result of the spraying, it is hoped that there will be cleaner, better beaches, clear channels and much better fishing.

AHS Coaches Are Back to School

Three of Antioch High School's coaches are spending the summer vacation picking up additional training in universities.

Ward Lear, athletic director, will attend a business clinic at the University of Illinois and will work a paper route here in his off time.

LARRY LEON, basketball and baseball coach, will work on his master's degree at Northern Illinois University at DeKalb as will William Baird, assistant track and football coach.

Football Coach Robert Walther plans to spend the summer on a tour of the east and assistant coach Stuart Good will work in Antioch.

Ideas for Sportsmen

A handy way to measure fish is to know the reach between your extended thumb and forefinger. Usually (for men) this is about 8 inches. For example, if the fish measures a reach and a half, it is 12 inches long.

Worm fishermen agree that the redder the worm, the more likely it is to catch fish. Hammer a red brick to fine powder and mix some of the powder with the earth in which the worms are kept. Your bait will be a rich red in a few days!

Kadettes Get Second Place In State VFW Drill Contest

By Mrs. Fred Bartlett
Lake Villa Correspondent

The Kadette Drill Team sponsored by the Lake Villa VFW Post and Auxiliary won a second place in the State VFW Drill Team contest. Linda Ladewig of Lake Villa received first place in the VFW Drum Major contest and Norma Blumenschein of Lake Villa got second place in the Strutting contest held at Springfield, Saturday.

Mr. and Mrs. John Peterson of Oak Knoll Drive, Lake Villa will celebrate their 53rd wedding anniversary with their daughter and family, Mr. and Mrs. John Keefe of Mendota, Ill. They will also attend the graduation of their grandson,

Troop 92 Dance Team Performs Saturday

The Indian dance team from Boy Scout troop 92 will perform on Saturday for the families and cub scouts of pack 80 of Grass Lake, reports William Elsey, scribe. The team practiced at Jim Horton's home on Monday.

The court of honor scheduled for June 9 but postponed, has been reset for an August date. There will be a board of review on June 23 at which boys who pass the board will receive their awards.

A swimming party was held last Tuesday at the Sand Bar resort on Lake Marie, Elsey reports.

Gene Keefe at the Cornell University at Mount Vernon, Iowa.

Elmer Oelkers, Jr., of Bradley University at Peoria, Ill., will spend the week-end with his parents, Mr. and Mrs. Elmer Oelkers, Sr., of Oak Knoll Drive, Lake Villa.

Bruce Ladewig spent the weekend visiting Mr. and Mrs. Elsworth Ladewig of Zion.

The Prince of Peace Altar and Rosary Society will sponsor a salad bar luncheon and card party Wednesday, June 24, at the Prince of Peace church on Grand Ave. and Route 21, starting at 12 noon. It is open to the public. Chairmen are Mrs. W. Dalgard and Mrs. Clifford McCarthy.

Mr. and Mrs. Jake Fish entertained the following at their home Saturday: Mr. and Mrs. Clarence Blumenschein, Lela Barnstable, Anni Nelson, Frank Cremin and Mr. and Mrs. William Fish, all of Lake Villa; Sheridan Burnette and Edna Cable of Antioch; and Mr. and Mrs. Herman Keisler of Twin Lakes, Wis.

The Royal Neighbors officers club met Wednesday afternoon at the village hall in Lake Villa with the following present: Helen Fish, Bertha Fish, Marie Hamlin, Georgia Avery, Helen Reimer, Gertrude Malecka, Mathilda Bartlett and Anna Veljkovic, all of Lake Villa; Irene Brown, Elizabeth Anzinger, Gladys Schroeder, Velma Langosch and Gerri Polson, all of Antioch. Three Neighbors from Grayslake attended, and District Deputy Mrs. Gladys Ames McCarthy of Gurnee was the guest of honor.

Hostess were Gerri Polson, Ann Veljkovic and Velma Langosch.

Everett Galiger entertained a number of friends and relatives Saturday evening at his home in observance of his birthday. Cake and ice cream were served.

Mr. and Mrs. Joseph Botts and son Danny and Lela Barnstable enjoyed a week vacation visiting relatives at Chetek, Wis.

Mr. and Mrs. Arney Armstrong attended the motorcycle races held at Shawano, Wis.

Mr. and Mrs. Clarence Blumenschein attended the wedding Saturday of Ray Golden, Jr., of Lake Villa and Mary Van Patten of Antioch. Mrs. Harold Dixon of Thompsonville, Ill., also was a guest at the Golden wedding. She is the grandmother of the bridegroom.

Salvation Army Doughnut Day was a success in Lake Villa Friday and Mrs. Fred Bartlett, chairman, would like to thank the following volunteers: Tina Gerber, Helen Fish, Donna Wagner, Mary Peterson and Cecile Blumenschein.

Mr. and Mrs. Albert Healey, Sr., and Mr. and Mrs. Albert Healey, Jr., were visitors Friday at the home of Mrs. Tina Gerber and Arlene Leiting.

Leslie A. Swanson, son of Mr. and Mrs. Anna Swanson of Deep Lake Road, Lake Villa, passed away recently at his home in Chicago. He was preceded in death by his father, Arthur, a brother, and a sister. Leslie was well known here and had many friends in Lake Villa.

Rabies in Dogs Is Down, But...

Rabies in dogs has reached an all-time low with only three cases reported so far this year from the dog population of 700,000.

But dog owners were warned last week by Stillman Stanard, director of the state department of agriculture, not to be complacent and forget to have their pets vaccinated to keep the disease under control.

THERE WERE ONLY nine cases of rabies in dogs reported in Illinois in 1958. But there were 322 cases in 1952, the year in which the state began compulsory vaccination. By 1955 there was a marked decrease in the number of cases. There were 41 cases in 1955, 59 in 1956 and 21 in 1957.

State law requires all dogs which are not confined to their owner's property and permitted to run loose must be vaccinated. The department records show that 298,731

Eberman to Attend Premier Boys' State

Selection of Elmer E. (Chip) Eberman, Rt. 3, Antioch, to attend Premier Boys' State in Bloomington, Ill., on June 21, has been announced by James S. Gwaltney, department adjutant of the American Legion.

Eberman is a son of Mr. and Mrs. Elmer Eberman of Channel Lake. The meetings will be at the Youth Economics Building on the State Fairgrounds.

JUNE FOR WEDDINGS

June has been a time for marriages since the early days of Rome. Some authorities believe the month was named for Juno, the queen of the gods, who was the patron goddess of marriage.

dogs were vaccinated during 1958, but this figure is considered to be less than half the canine population of the state.

Man's best friend was reported to have bitten 20,663 persons in 1958. In 1959 through May, reported bites were 6,493.

No rest for this Chevy... round the clock the engine never stops!

At Washington's bustling National Airport, Allied Aviation Fueling counts on its radio-equipped Chevy to get crews and tank trucks to the right planes at just the right time. Aside from occasional time out for the usual service, its Thriftmaster 6-cylinder engine has been running 24 hours a day for the past 9 months!

Once you've got that kind of endurance working you don't worry much about lost job time. Breakdowns go out of style the day your Chevy goes into action.

The fact is, Chevrolet trucks are dead set on dropping the word "downtime" right out of the English language. And they just might, if precision engineering and top-quality materials have anything to say about it. Chevy trucks are put together to stay together—incorporating the most advanced chassis developments, the most efficient 6-cylinder and V8 engine designs. They're built to last, built to keep Chevrolet's hard-earned reputation for reliability flying high.

Going into the real heart of Chevrolet advantages is where your dealer comes in. He'll show you, in feature after feature, that you can't buy more truck dependability—in any weight class—at any price.

No job's too tough for a Chevrolet truck!

See your local authorized Chevrolet dealer

Antioch 229

"Before You Paint, Come In and See Us"

That's an Honorable Title, 'Father', History Recalls Famous Fathers

The dandelion once was selected as the appropriate flower for Father's Day because "the more it is trampled on the more it grows."

That about sums up the plight of Father. Once a year we throw him a bouquet—or a tie—and chalk up another duty well done.

BUT THE OLD MAN surely is worthy of better treatment because, as The World Book Encyclopedia points out, his name is a title of honor given to those who establish anything important in human affairs.

Take George Washington, for example, known as the Father of His Country. Washington shares that title with such illustrious Romans as Cicero, Julius Caesar and the Emperor Augustus.

Homer is called the Father of

Epic Poetry because of his "Iliad" and the "Odyssey." Geoffrey Chaucer, whose "Canterbury Tales" established a standard form of English verse, is known as the Father of English Poetry.

EVERY PHYSICIAN honors the Father of Medicine when he takes the oath devised by the Greek physician Hippocrates. And any man who ever batted a hook knows that Isaac Walton, author of "The Compleat Angler," is the Father of Angling.

The age of the atom has ushered in even more "fathers." J. Robert Oppenheimer has been called the Father of the Atomic Bomb, while Dr. Edward Teller is credited with being the Father of the Hydrogen Bomb. Admiral Hyman Rickover is known as the Father of the Atomic Submarine.

That's enough to put any father's head in the clouds. But lest he begin to feel giddy from these associations, let him remember that Satan is called the Father of Lies.

in the role of Gaylord Ravenal and featured with him is Bert Wheeler, who appears as Captain Andy.

BOTH JONES AND Wheeler have interesting backgrounds and both have reached the top rung in show business.

Jones is the son of a former mine superintendent and started his singing career in his native Scranton, Pa. The Jones family saved their money to give young Allan a musical education and the investment paid off when he was given a scholarship to Syracuse University.

Allan paid his board at college by working in the coal mines, but when the time came for him to decide whether or not to continue the expensive singing lessons, he almost quit because of lack of funds. His coal miner friends came through for him with a benefit concert which raised enough money to send him off to Europe. He studied hard and came back to the States to a career first on the Operetta stage and then in the movies.

Bert Wheeler started as a prop-

erty boy with a stock company and was discovered by Gus Edwards who set him up in a kid act with another youngster, George Jessel. Bert teamed up first with Betty Grae and together they played "When Dreams Come True," "Greenwich Village Follies" and the Ziegfeld Follies. The team split and Bert did a single in another Ziegfeld Follies, then "Rio Rita" where he teamed with Robert Woolsey.

The new team first did the movie version of "Rio Rita" and then 28 straight movies. Bert has also played a variety of roles on the legitimate stage and on television.

"Show Boat" will continue through June 28 and will be followed on June 29 by "Paint Your Wagon," starring John Carradine.

Competition Keen In Drug Field

There's an old saying in economics that competition is the life of trade.

In the case of the wonder drugs which have revolutionized the practice of medicine, competition is the life of the patient.

More than 140 American pharmaceutical manufacturers are engaged in a ceaseless rivalry. The Health News Institute points out, in their search for new and better weapons against disease. The result is that no one company or research group can possibly dominate the field.

BY COMPARISON, six companies in steel share two-thirds of industry sales. In both automobiles and aluminum, the comparative number is two.

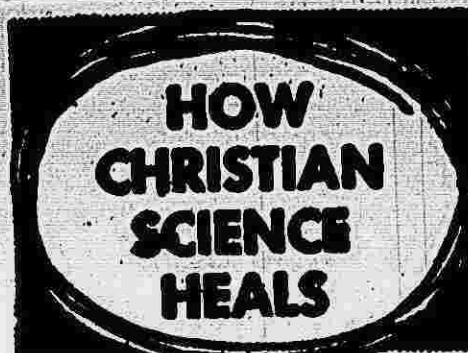

Yet, in pharmaceutical manufacturing, a total of 16 companies share two-thirds of the business, with scores of other alert competitors close on their heels. In fact, the largest single firm in the ethical drug business accounts for less than 10 per cent of the American market for prescriptions.

The real beneficiaries of this kind of competition, the HNI reminds, are the millions of American men, women and children who with each passing decade are living longer, healthier, fuller lives.

Show Boat Leads Have Colorful Theatre Starts

Jerome Kern's all-time favorite musical, "Show Boat," opened the 1959 summer season at Highland Park's Music Theatre. The show, which opened on June 16, will have a two week run through June 28.

Residents Receive Cross Lake Baptist Church, Aims Are Listed

Acceptance of the new Cross Lake Community Baptist Church is good, reports Rev. W. James Johnston, pastor of the new church. The congregation meets in the old Oakwood Knolls building on Timberlane Dr.

The aims of the church were out-
lined this week by the Rev. John-
ston. "We are an independent New
Testament church where the Bible

is preached without any frigid for-
malism or foolish fanaticism.
"WE BELIEVE in the verbal in-
spiration of the Bible; the trinity of
the Godhead; the fall of man and his
need for redemption; atonement for
sin through the substitutionary
death of Christ; justification by
faith; the personal premillennial com-
ing of Christ; the eternal life of all
the redeemed; the eternal punish-
ment of all who have never been
born again.

"We believe the two ordinances to
be observed by the church as com-
manded by our Lord, are baptism
by immersion and the Lord's Sup-
per."

The church meets in Bible School
at 9:45 a. m. and Morning Worship
is at 11 a. m. on Sunday. Other
services will be added as the work
grows, Rev. Johnston said.

Various ministers and Christian
businessmen will be in the pulpit
until a full time pastor is secured
and a two week daily vacation Bible
school is being planned and will be
held this summer. The schedule
will be announced when plans are
complete.

Westosha BPW Sets Meeting For Monday

By Mrs. Herman Frank
Wilmot Correspondent

Westosha BPW meeting will be
held Monday evening at the home
of Miss Mildred Rapp, Lily Lake,
Wis. A report will be given by
the delegates, Mrs. Otto Schenning,
Mrs. Martin Schenning and Mrs.
Ruth Miller on the convention.

A committee meeting was held at
the home of Mrs. Nuytens, Camp
Lake, to make plans for the Art
Fair and Antique show July 12.
Artists from all lake regions will
show their work.

Donald Brown, Peter Van Sloch-
teren and Floyd Gyger, Sr., spent
the week-end at Lily Lake, Wis.,
fishing.

Mrs. Oliver Mathews, Waukegan,
is spending a couple of weeks with
her sister, Mrs. Paul Ganzlin.

Mr. and Mrs. Cyril Pacey and
Susan, Mr. and Mrs. Floyd Pacey,
Mr. and Mrs. Roy Haller, Mrs.
George Feldkamp, Mr. and Mrs. Le-
land Pacey, Mr. and Mrs. Raymond
Stoken, Jr., Mr. and Mrs. Harold
Pacey, Mr. and Mrs. Earl Shales at-
tended the housewarming at the
home of Mr. and Mrs. Bob Speaker,
Richmond, Ill., Saturday evening.

Mr. and Mrs. John Gyger and
family, Libertyville, spent Sunday
with Mrs. Floyd Gyger, Sr.

Mr. and Mrs. Harry Raduenz,
Johnny and Ricky McRae, Twin
Lakes, Mr. and Mrs. Harvey Brown,
Mr. and Mrs. Donald Brown, Randy
and Gregory, Mr. and Mrs. Floyd
Gyger, Sr., helped celebrate David
Gyger's fifth birthday Tuesday eve-
ning.

Mr. and Mrs. Robert Richards and
family, Racine, spent Sunday with
Mr. and Mrs. Dan Fleming.

Russell Elwood and son, Donald,
went by plane to Naples, Fla., Wed-
nesday for a week with Mr. and
Mrs. Donald Elwood.

Mrs. Dan Fleming and Mrs. Robert
Richards called on Mr. and Mrs.
William Mecklenburg, Sunday af-
ternoon at Trevor.

Kettle Moraine rummage sale
will be held June 19 and bake sale
June 20 at the Silver Lake Fire
House.

Mr. and Mrs. George Higgins
spent Sunday with Mr. and Mrs.
Clarence Hansen at Bristol and
called on Mrs. Lizzie Benedict.

Mrs. William Maxey, Libertyville,
Kathy and Patsy Goulding, Crystal
Lake, Billy Birsak, Evanston, spent
the week-end with Mrs. Henry Vin-
cent.

Mr. and Mrs. Richard Schmidt
and sons left Thursday for their
home at El Paso, Texas, after a two
days visit with Mr. and Mrs. William
Wertz. Mr. and Mrs. Wertz spent
the weekend at Fond du Lac with
Mrs. Lloyd Chapman.

Susan Pacey left by plane Friday
for Monterey, Calif., to spend two
weeks with Mr. and Mrs. Carroll
Erlandson.

Mr. and Mrs. William Shotliff
and Mrs. Alice Wagner accompan-
ied Mr. and Mrs. Lyle McDougall
and Mrs. R. C. Shotliff to Rockton,
Ill., for dinner Sunday with Hazel
and Florence Shotliff. They also
visited the "Wagon Wheel."

Mr. and Mrs. Herman Frank re-
turned home Friday evening after
eight days stay at the Lyle Meck-
lenburg home on English Prairie
while they were at their cottage at
Spooner, Wis.

Mr. and Mrs. Don Krueger, Robert
and Allan, Mr. and Mrs. John
Hasselman, Mrs. Millie Darby, Ke-
nosha, spent Sunday at the Al-
brecht-Schubert home. Mrs. Darby
remained for a week's stay.

Mr. and Mrs. Floyd Hahn and
Sherry, Kenosha, and Elmer Hahn,
Riverside, Calif., spent Friday at
the Albrecht-Schubert home.

Mrs. Paul Ganzlin and Mrs. Oliver
Mathews spent Sunday afternoon
with Mr. and Mrs. Harold Boulden,
Burlington.

Mr. and Mrs. Harvey Brown at-
tended the Northern picnic at the
home of Calvin Collins, East Troy,
Sunday.

Mr. and Mrs. Harvey Brown and
Henry Skogstad, Jr., spent Wednes-
day evening with Mr. and Mrs. Hen-
ry Skogstad, Sr., at Millburn, Ill.

Mrs. Ben Elverman and Charlene,
Mrs. Frank Jahns, Mrs. Mary White
and Mrs. Gust Neuman attended the
Braves-Cubs game at Milwaukee,
Monday.

Mrs. Ben Elverman spent Sunday
evening with Mr. and Mrs. Sheldon
Elverman, Twin Lakes, Linda El-
verman returned home Sunday af-
ter 12 months stay at Morningside
Sanitarium, Madison.

Dairy science staff members at
the University of Illinois recom-
mend adding 80 pounds of molasses
or 200 pounds of corn and cob meal
to each ton of grass-legume silage.
Molasses provides additional sugar

for proper bacterial action, and the
corn and cob meal prevents the loss
of natural sugars due to run-off.

Patricia Joyce Gallagher

Lake Villa Girl Is Now Stewardess

Patricia Joyce Gallagher, daugh-
ter of Mr. and Mrs. William M.
Gallagher, of Burnette Ave., Lake
Villa, has won her wings as an
American Airlines stewardess and
is now based in Los Angeles, as-
signed to flight duty out of Los An-
geles International Airport.

She is a graduate of Antioch
Township High School; worked as a
service representative for the Illi-
nois Bell Telephone Company be-
fore entering stewardess training.

Before winning her silver wings
she completed a five and a half
week course at the company's mil-
lion dollar stewardess college at
Ft. Worth, Tex. Miss Gallagher has
blue eyes, brown hair, stands five
feet seven and one-half inches tall,
and weighs 126 pounds.

It takes a woman every time—
even to introduce the custom of
honoring fathers. Mrs. John Bruce
Dodd of Spokane, Wash., started
Father's Day in 1910.

Kenosha County, surpassed only by Kenosha and Twin Lakes in Randall Township. There is one other incorporated municipality in Salem Township, that being Silver Lake which has a population estimated at 900. Twin Lakes has about 2,000 population.

THE AREA COMPRISES 875 acres of land area and 145 acres of lake land. The eight subdivisions are: North Park; North Park First Addition; Second Addition and Third Addition; Huntoon Woods; Paddock Lake Highlands; Woodcrest Highlands; Hartnell Heights; and Paddock Lake Dells. The entire area is platted with the exception of one-quarter section of land in the L. B. Harris Subdivision on the village's eastern border and a swampy section north of Hooker Lake.

The area meets all state statutes required for village incorporation including the 400 persons per square mile provision. Paddock Lake has more than 900 persons in little less than 1-3/5 square miles.

A public meeting on the proposal where residents can bring their questions about incorporation is being planned also, one source told The Antioch News.

Regular Stock Investment
Can Be a Second Income

By William D. Brien

We were sitting in his office—the investment broker and I—talking about a problem that bothers a lot of folks these days. "Charlie," I said, "one man's income just isn't enough any more."

"What you need," he replied, "is a second income."

Yeah, I could figure that out for myself. But had he ever stopped to count the number of hours in a week?

Which gave him the opening he wanted. His particular investment firm in Wall Street has been plugging away at that idea for a long time.

The most practical way for the average man to gain a meaningful "second income," he says, is through investing in good-quality common stocks on a dollar-averaging basis.

There's no guarantee, of course, that common stocks will continue to rise in value as they have recently. In fact, the odds are at least even that there will have been a zig in this zig-zag market by the time you read this.

But the Wall Street wizards say that over the long pull our economy will continue to grow—and that the best and most sure way to get yourself cut in for a share of that growth is through common stocks.

WHICH UNDOUBTEDLY is why more than a half million Americans each year are buying stocks for the first time.

But you can't jump in blindly; you need a system—and I don't mean like the horse players use. I mean something like Charlie's dollar-averaging formula.

By that method you invest a regular amount—large or small—at regular intervals, regardless of what the market is doing at the moment. In that manner you acquire more shares for your set sum when prices are low and fewer shares when prices are high.

Charlie had an example of a dollar-averaging plan:

If you had started in 1946 with an initial purchase of \$5,000 and had added \$1,000 each year, you would have invested \$17,000 by now.

And your stocks would now be returning you about \$1,500 per year—or \$125 per month. That's assuming you put the money into the particular set of stocks—all represented in the Standard & Poor's index—that Charlie listed. Other stocks might have earned you more—or less.

In addition, the market value of the stocks in this sample portfolio would be about \$34,000 today.

ACTUALLY, YOU probably would have done considerably better. This example deliberately uses an unfavorable starting point—1946—when a high market existed and was followed by three years of declining prices.

Today's market is high, also, and a series of sharp declines is certainly possible. But if you believe in the long-term growth of American business—and if you'll follow the dollar-averaging plan faithfully—your chances for building that needed second income are good.

Every respectable investment broker will tell you however, that any stock purchase should be preceded by an emergency cushion such as life insurance and enough savings in the bank to carry you for several months. If your broker disagrees, be wary.

Then you should set your own goal—long-term growth or immediate income. You'll have to decide in order to pick your stocks.

Usually the dividends from a growth-type stock are tiny—if there are any at all. That's because the growth company is plowing its earnings back into the business.

If you're older, perhaps retired, you'll want to seek out stocks with a history of regular dividends. You're interested in a payoff today, not 10 or 15 years from now.

No matter what your needs, be sure to consult first with a reputable stock broker. His advice costs you nothing, and may save you plenty.

All Assembly's
Major Action
In Last 2 Weeks

By State Senator Robert McClory

Less than two weeks remain of the six month session of the 71st General Assembly. It must alarm some observers to note that very little major legislation has been passed during the first five and one-half months of the session. Most of the bills will be finally acted upon during the last few weeks—or days.

Major bills still on the agenda include school appropriations and tax bills. Delays in this legislation have resulted from Democratic amendments to boost appropriations beyond anticipated revenues. These maneuvers have been coupled with frivolous tax measures intended to

attract votes in 1960 in preference to establishing sound fiscal policies.

BILLS DESIGNED to reorganize our State government have been delayed beyond recall. The only redeeming aspect is a bill to "study" the organization of our State government and to report recommendations to the next General Assembly in 1961. This measure should pass later.

Bills to finance the University of Illinois and our other State Colleges, as well as measures to provide care for the mentally ill, are still on the active calendar. The proposed bond issues for huge building programs are awaiting legislative approval.

Whether there will be a new revenue article submitted to the voters in 1960 depends upon what the legislature decides within the next ten days.

THE FIGHT to subsidize CTA capital expenditures is still raging. So is the battle to eliminate the Justice of the Peace fee system.

All of these bills, the major issues of the 71st Illinois General Assembly, appear to have gained permanent places on the calendars of the House and Senate until the last hours of the session force final decisions.

Indeed, if some decisions are not made before the hour of midnight of the last day of the session, we will merely turn back the clock.

PMA to Supply
Bordens Milk

The Chicago Milk Division of the Borden Co. has concluded arrangements with Pure Milk Assn. for the purchase of substantial quantities of milk for Borden's metropolitan Chicago milk plants.

In a joint announcement by A. L. McWilliams, general manager of Pure Milk Assn., and H. R. Fagerson, general manager of Borden's Chicago milk operations, it was stated that "Borden's now becomes the Pure Milk Assn.'s largest volume customer in the Chicago metropolitan area for milk purchased in tank truck lots." According to Fagerson, it is expected that Borden's Chicago plants will make average purchases of 900,000 lbs. of milk per day from Pure Milk Assn. by September 1 of this year.

McWILLIAMS, WHOSE group represents 14,000 milk producing farmers in the Chicago milk shed, stated that the large quantity of milk Borden's Chicago milk operation will require from the association will be secured in part from plants located at Hebron and Woodstock, Ill., and Avalon, Wis., which were purchased by Pure Milk Assn., from Borden's coincident with this

Falls, Taken
to Hospital

Alice E. Smith, 91, a retired Antioch High School history teacher, is in Victory Memorial Hospital, Waukegan, recovering from injuries received in a fall here Sunday.

Miss Smith, who lives at 333 Ida St., was walking her dog Sunday morning when she fell and injured her pelvic bone. She was taken to the hospital on Monday.

To Honor Donors

Donors to Boy Scout troop 92 will be honored at special ceremonies at the Antioch Moose Lodge on Saturday night, June 20. The special rites will be part of a dance for the boy scout troop fund. The Moose Lodge sponsors the troop.

move. McWilliams and Fagerson further stated that "this action will result in mutual advantages to both parties," and that "these moves mark a progressive step in milk dealer-dairy farmer cooperative relations."

Borden's, according to Fagerson, will continue to receive some of its milk from Wisconsin locations operated by other Borden divisions. The effective date for the agreement between Borden's and PMA is July 1.

ONE SON 'LIKE FATHER'

The Adams family applied the adage "Like father like son" to the highest office in the U. S. John Adams and his son, John Quincy Adams, are the only father and son who both became president.

Ends 30th Year With Edison Co.

George L. Hogan, of Rt. 4, Antioch, observed the completion of 30 years of meter department work with Commonwealth Edison Co. on June 12. He started in 1929 as a helper in meter testing, later became a mechanic and is now a meterman at the Chicago-North headquarters of the meter department, 3500 N. California Ave.

Hunting and fishing are Hogan's favorite hobbies and he is also manager of a baseball team in the Babe Ruth league. He is a parishioner of St. Peter's Church in Antioch. He and his wife, Irene, have a son, George, a freshman at Antioch High School, and two married daughters, Mrs. William Hoerich of Fox Lake and Mrs. Jack Palmer of Antioch. There are also two grandchildren.

Harvey Opens Friday at Tenthouse Theatre

Movie comedian Joe E. Brown opens the 1959 season at Highland Park's Tenthouse Theatre on June 19 with the Pulitzer Prize winning comedy "Harvey."

The role of Elwood P. Dowd is not a new one to Brown who has played the role almost 2,000 times throughout the United States, London and Australia. Included in this run was 43 weeks at the Harris Theatre in Chicago.

BROWN HAS MADE more than 65 movies including the favorite "Alibi Ike," "The Circus Kid," "Midsummer Night's Dream," "Show Boat," and "Bright Lights."

His career has covered acrobatics, professional baseball, burlesque, Broadway and the movies.

During World War II he was one of the soldiers' favorite entertainers and did 742 shows overseas.

HE IS THE author of two books, "Your Kid and Mine" and the biography, "Laughter is a Wonderful Thing."

Featured with Brown in the Tenthouse production of "Harvey" will be Gertrude Kinnel, and Jerry Rockwood will direct.

"Harvey" will play through June 28 and will be followed by "Come Back Little Sheba," with Lillian Roth in the lead role from June 29 through July 5.

The Old Timer
"The wise man never plants more garden than his wife can hoe."

Many fires of "undetermined origin" may have been caused by neglected wiring.

SUSPENDS DRIVER PERMIT
A Lake Villa man, George C. Cheever, Rt. 1, Lincoln Dr., has had his driver's license suspended by the secretary of state.

Sales Tax Hike Looms This Session Says Rep

By State Rep. Paul Simon
The biggest undecided issue of this legislative session is whether there will be a sales tax increase—and the odds now strongly favor the enactment of that increase.

The half-cent sales tax hike already has passed the Senate and its big battle will be in the House. To pass the House the Stratton proposal will have to receive some Democratic support in addition to his own party, and there are indications that he may have that support.

THE BATTLE WILL be a long and wordy one; and there is a possibility that some kind of compromise may be worked out.

If it is worked out it probably will be done soon since Governor Stratton will be leaving on a trip to Russia beginning June 20.

The man who will be technically acting as Governor during his absence will be Lt. Gov. John William Chapman, but the man who will be making the major decisions for the governor will be his administrative assistant, William "Smokey" Downey.

If things are not worked out ahead of time, Stratton will leave word with Downey as to what things he should accept and reject.

In addition, a phone call from Moscow to Springfield costs only about \$20, so consultation will be possible on any emergency decision.

WHAT DEMOCRATS will be joining the Republicans on the sales tax issue is not clear yet, nor is it clear how many Republicans will not go along with the Governor's sales tax increase.

The House has passed a bill introduced by Representative John Morris of Chadwick which calls for an increase in corporation taxes rather than a sales tax increase.

Morris argues—and I think correctly—that since our present state tax structure already hits the man hardest who has the low income, we should not increase his burden with another sales tax increase.

The corporation tax has stayed the same since 1917 and is one of the lowest in the nation. Under the Morris proposal the tax, known technically as the corporation franchise tax, would increase so that the average Illinois corporation would pay an \$82 tax (some much higher, of course).

IF A COMPROMISE is worked

out, the Morris tax increase will unquestionably be reduced, but I feel he is basically correct in trying to get a fairer tax structure.

In speaking to the Rockford Chamber of Commerce last week, I pointed out to them that one of the tendencies of legislation is to swing from one extreme to another whenever laws are too far to one side. Right now the tax laws in Illinois hit the man with the low income harder than any other state with the exception of West Virginia.

If business interests and those with higher incomes do not want the tax laws in Illinois to swing to the opposite extreme, they should be among those who are working for a fairer tax structure in Illinois.

At the present time Illinois receives roughly one-fifth of one per-

cent of its total state income from the corporation tax. This is \$5.7 million compared to \$258 million in New York and \$172 million in California. Illinois ranks 34th in the amount of taxes paid to the state by corporations.

SINCE 1917—when the last hike in the corporation tax was made—the property tax has risen 1,200 per cent.

All of this makes me feel that the corporation tax increase is more sensible than the sales tax increase.

At the same time it is important that we don't go overboard in the opposite direction. Illinois has a very favorable tax climate for industry and it is important that we keep that. While an increase in the corporation tax at this time is justified, we cannot expect to give corporations continual tax increases any more than we should constantly increase the sales tax and property tax.

Which way we go this time, you'll discover soon.

Need a new water heater?

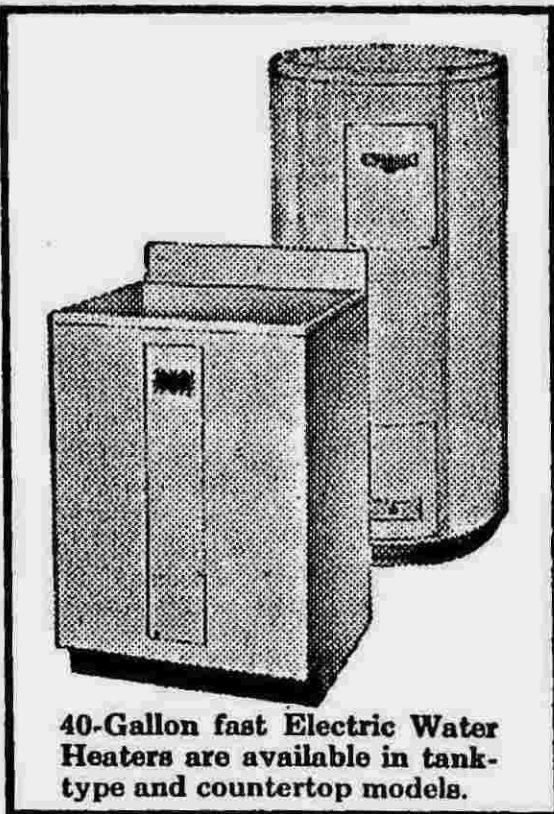

See the new, fast electric water heaters

40-gallon models will deliver up to 432 gallons of really hot water a day. And there is a new low, 24-hour-a-day electric water heating rate when you install one of these. Fast Electric Water Heaters are very compact, create no fumes, soot or smoke. No flue is needed. You can install a fast Electric Water Heater where you want it—basement, utility room, kitchen, bathroom, laundry—even in a closet.

It's almost impossible to run out of hot water for dishes, baths, automatic laundry, showers, shaves with one of these.

Most makes offer a 10-year warranty (even longer life-expectancy).

In tests, they show far less tendency to "lime up" and corrode—so you can expect maximum efficiency with a Fast Electric for far more years than ever before.

40-Gallon fast Electric Water Heaters are available in tank-type and countertop models.

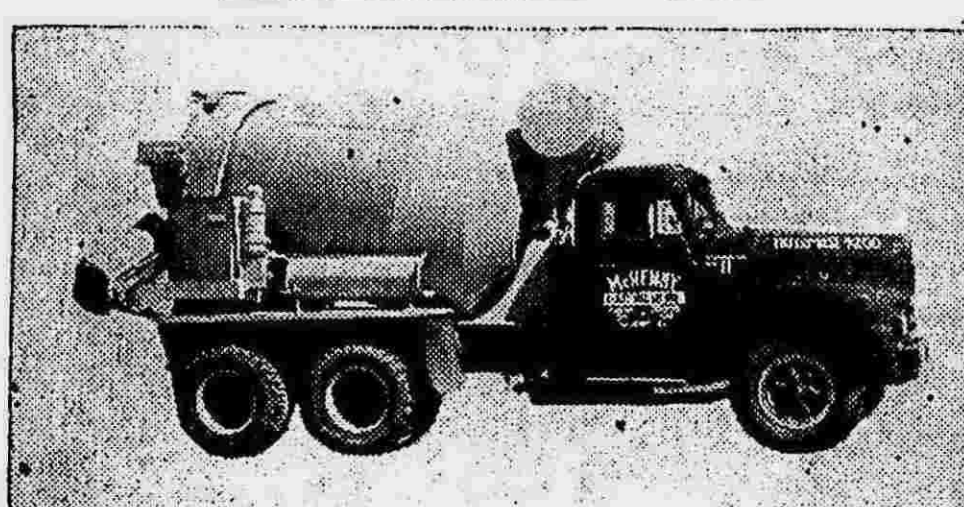

SEE YOUR ELECTRIC APPLIANCE DEALER NOW

Get the facts, and you'll get a fast Electric Water Heater for sure!

Horn Named VP Of Accountants

George M. Horn, Indian Point, Antioch, has been elected vice president of the Illinois Society of Certified Public Accountants for the coming year, it was announced this week.

Horn is a partner in the firm of Harris, Kerr, Forster & Co., Chicago. A CPA since 1948, he is a graduate of Loyola University, and has served two years as a director and secretary-treasurer of the Illinois Society of CPAs. He has been chairman of the Membership, 1957 Annual Meeting, and Natural Business Year committees of the organization.

Horn is also a member of the American Institute of Certified Public Accountants Taxation Committee.

Exceeds Goal by 2%

As of June 1, the Lake County chapter of the American Cancer Society has exceeded its goal by 2 per cent reports Kenneth J. Frederick, county chairman. The money is used for research, education and service against cancer.

THE BIG REASON WHY...

OLDS COSTS LESS IN THE LONG RUN!

Beneath the glamor and gleam of the '59 Olds is hidden value that explains why Olds costs less in the long run!

Every '59 Olds gives you the Wide-Stance Chassis with a 9-inch wider Guard-Beam Frame. Every '59 Olds features cooler running Air-Scoop Brakes on all four wheels.

Under the hood is still another Olds hidden value—the famous Rocket Engine with new fuel-saving economy for '59.

Is it any wonder that an Olds is worth more at trade-in time . . . costs less to own in the long run?

See your Olds dealer. Value-Rate The Rocket. Then you'll understand why so many people are joining the Big Swing to Olds!

Some Birthday Cake for Antioch Residents at Waukegan Centennial

If there is a common denominator in Waukegan it's a state of anticipation.

The community is on the heels of the biggest shindig in its history, the Waukegan centennial celebration, the town's 100th birthday party, which begins Friday.

"We have a piece of the birthday cake reserved for everyone from the Antioch area and we certainly hope they come to help celebrate our community's 100th birthday," said Mayor Robert Sabonjian.

"OUR CELEBRATION spans 10 days and we think it will be one of the biggest things in the Midwest this summer," said general chairman Richard F. Kennedy.

"We're 99 per cent certain he'll be here," Kennedy said. He said that Sabonjian has been in contact with Benny by phone several times and Benny has indicated he will make every effort to return to his hometown's birthday party. We've a great celebration planned and his presence here as our most famous and favorite son will be the frosting on the cake," Kennedy says.

THE FESTIVITIES continue through June 28.

"Our biggest attraction will be a spectacular stage show tracing Waukegan's history. This is not the usual 'pageant,' however. We've got

a cast of 1,000 local people rehearsing under a capable professional Hollywood director and the show will be produced on a stage 450 ft. long.

"Our show has lots of music and dancing and is liberally spiced with humor," Kennedy said.

Waukegan is making its bid as a major St. Lawrence seaport and waterfront activities are among the major events of the centennial.

THE FLYING BOATMEN of Knoxville, Tenn., 22 men who pilot high speed boats in intricate maneuvers, will appear June 20 and 21. The women's world champion water skier, Nancie Rideout, of Winter Haven, Fla., will present a water skiing demonstration June 21.

The famed Cypress Gardens, Fla., water ski troupe will appear June 27 and 28. It will be their only midwest appearance during the summer.

The annual Chicago-Waukegan Columbia Yacht race has been made part of the centennial celebration. One hundred large sailing yachts participate in the race each year and will begin to arrive in the Waukegan harbor the afternoon of June 27 to spend the night. That night there will be a pageant and parade of lighted and decorated boats in the harbor.

"WE ANTICIPATE that several hundred boats will take part in the water pageant," Kennedy said. Three parades are scheduled, the longest of which will be the centennial float parade June 20. It is four hours long and is growing, Kennedy stated. A youth parade will be held June 22, which is Young America Day, and a military parade June 24, Armed Forces Day.

There will be three major dances. They are the Centennial Queen's Ball June 19, a period costume ball June 20 and the big Centennial Cotillion Ball, June 25.

NATIONALITY GROUPS that reside in Waukegan will conduct a singing and dancing festival June 23 at Weiss Field. Participating will be Finns, Lithuanians, Mexicans, Slavs, Danes and Puerto Ricans, the chief cultural groups in the community.

James H. Douglas, Jr., secretary of the Air Force, will be the chief speaker at "International Friendship Night," June 24. Officers of the armed forces of 30 Allied nations will be honored at the dinner-dance along with members of foreign diplomatic corps, high-ranking officers of the United States armed forces and civilians from Waukegan and Lake and Cook Counties. The dinner is sponsored by the Lake County Council of the Navy League.

"Anyone who wants a specific schedule of events can have it by writing Waukegan Centennial Headquarters, P. O. Box 5, Waukegan, and we'll send one immediately," Kennedy said.

Oiling eggs seals the tiny pores in the shells and reduces loss of carbon dioxide and moisture from the egg.

Suburbanites Flock Back To the Cities

Guess who is back in town these weekends: the suburbanite.

The Monday-to-Friday commuter is coming back with his family for a brief holiday in the city, at one of the new luxury motels where everyone can forget household chores and gardening and just relax.

MOTEL OPERATORS in big cities report a big influx from the suburbs as families drive in for a two-day vacation "away from it all." Typical of the new urban motor hotels enjoying this weekend trade is a skyscraper motel along Chicago's lakefront where families can sun themselves on private balconies, go for a dip in the outdoor pool and order food and beverages from a "sidewalk cafe."

A fourth of the guests at Lake Tower Motel these days are there just for the week-end, reports Manager Robert A. Jenkins. "They arrive Saturday, go for a swim in the morning, then take in some of the Chicago sights, go nightclubbing and then leave Sunday afternoon," the veteran hotelier observes.

"Many couples bring the children on weekends. Parents can forget about baby-sitters with the motel's well-trained staff standing by, and there is never any shortage of things for kids to do," declares Jenkins.

THE YOUNGSTERS have their own deck chairs, sealed to size, at

Lake Tower's poolside. Rooms and suites, some with kitchen facilities, are designed as informal sitting rooms for all the family. Designer Lucille Knoche has seen to it that the handsome modern furniture has such "childproof" features as formica tops, and units are modular so they can be added or subtracted as necessary.

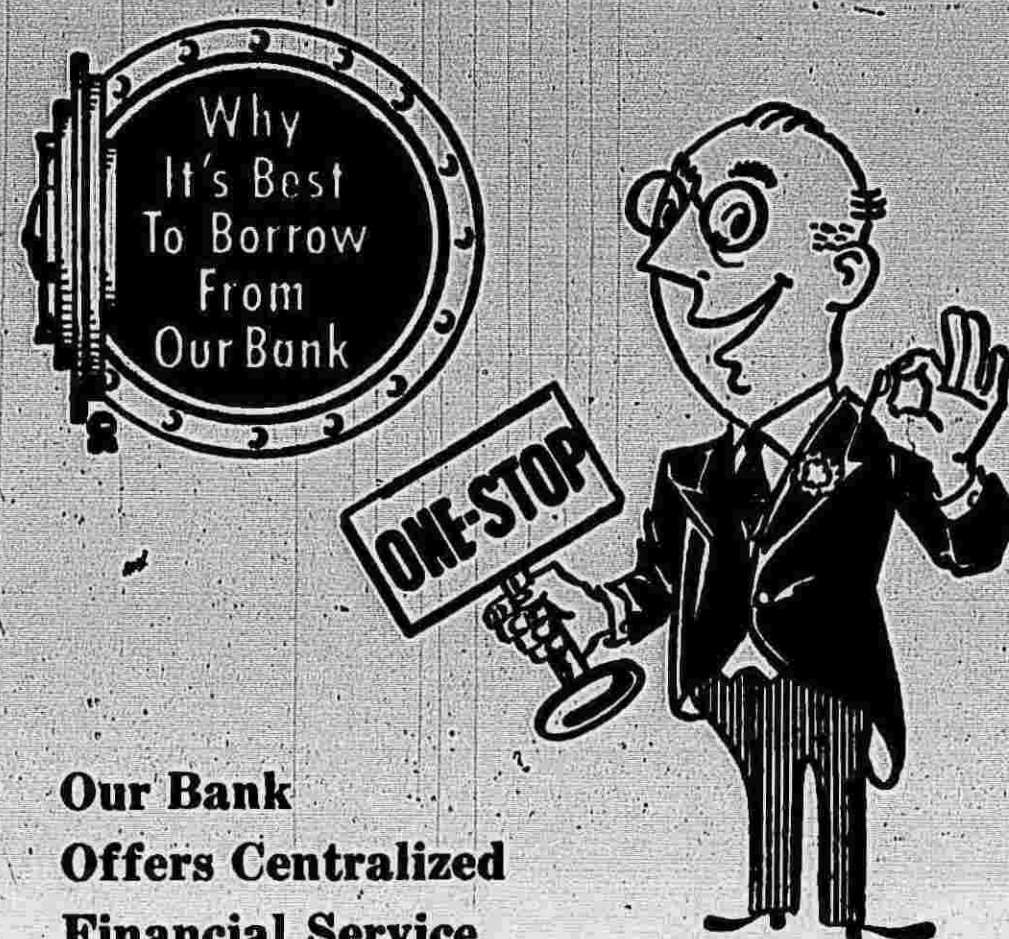

One of the lures of the new metropolitan motels, Jenkins believes, is that suburbanites can leave their driving cares behind once in the city. "After they park their car in our two story indoor lot, Mom and Dad are free of all their 'chauffeur-ing duties' for the week-end. No downtown parking worries need bother them," he points out, "since guests are within walking distance of many attractions."

Weekending families make ideal guests from the motel manager's point of view. "They're much more careful of property than the average conventioner," Jenkins notes, "and likely to make return visits if they've had a good time." Since

the 250-unit motel opened May 1, there has been a steady stream of "walk-in" family traffic—couples driving in off Chicago's Outer Drive without previous reservations.

"No special advertising has been beamed at the commuter and his

family," Jenkins reports. "The idea of a 'weekend in town' was his own, and it is catching on rapidly. One suburbanite tells another, and before you know it you've got more motel guests than you can handle," the manager says happily.

OLIVER WORLD CONGRESS

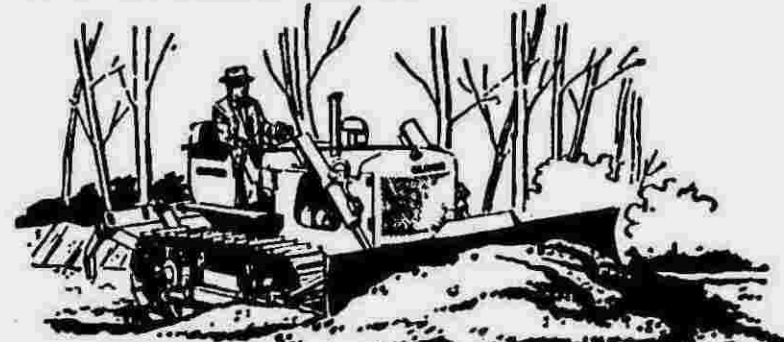

Farmer's Day

SATURDAY, JUNE 27

at the Famous
**HAWTHORN-MELLODY
DAIRY FARM**
1½ Miles South of
LIBERTYVILLE, ILLINOIS
on Highway 21.

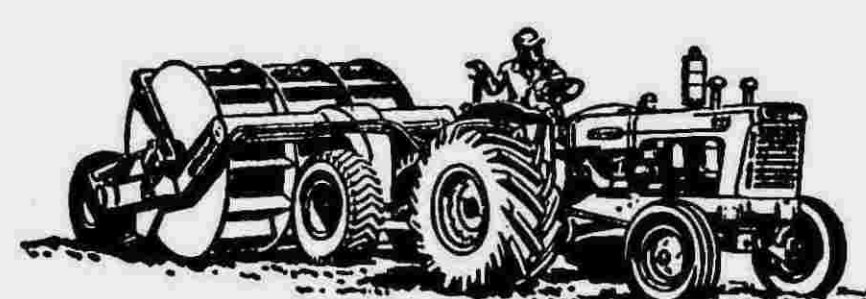

Look over the total Oliver line—more than 350 farm, industrial and allied units—on display and in action.

See, for the first time, equipment for every agricultural operation—from raw land clearance to multi-crop harvest—all by Oliver, world's only builder of machines for the complete farming cycle.

Watch, giant-size operations: tree clearance with mighty crawlers, 6-row cultivation, 20-ton-per-hour baling, 6-bottom plowing, field work with the mightiest general-purpose farm tractor on wheels, land forming with revolutionary Rotocult.

Follow the field demonstrations: ground preparation and spraying, haymaking and forage chopping, manure loading and spreading, pond building, plowing by U.S. level land champion—all operations that conditions permit.

See the special exhibits and equipment used in farming and industry around the globe: 45-foot land plane, crawler-type rice combine, huge disc plows and orchard sprayers, vineyard and canefield tools, listers and vegetable planters.

Teachers Spend Vacation On Vacation

Most of the teachers on the staff of Antioch High School are taking a vacation during the summer months but 10 of the teachers are returning for more schooling.

Nearly half the teachers, 14, are vacationing; six are teaching at summer schools and six are working here and at their homes.

Elmo Edwards, science teacher, copped the prize of all schooling as he was selected to attend the National Science Foundation Institute in Physics at Bowdoin College in Brunswick, Maine. Applicants to this institute were selected because of their interest and experience and training in teaching physics. Most of the others attending school are working on advanced degrees.

Both the administrators, Principal Albert Dittman and Assistant Warren Polley will spend the vacation on vacations. Dittman will travel to Denver while Polley will be in Michigan.

To Premiere "Big Circus" at Baraboo

Hollywood, the center of sparkle, glamour, and excitement is sending its latest movie, "The Big Circus," to Baraboo, Wis., fondly called "Circus City, U. S. A.," for its World Premiere, July 1.

The star-studded cast includes Rhonda Fleming, Kathryn Grant, Victor Mature, Vincent Price, and Red Buttons. The State Historical Society is negotiating to bring as many of these stars as possible to Baraboo for the movie premiere and the opening of the Circus World Museum. Rhonda Fleming will come for sure and Kathryn Grant (Mrs. "Bing") will come if she can travel (she's expecting a visit from the stork in October).

Also on July 1—a big circus parade is planned in the morning plus opening ceremonies for the Circus World Museum—and a "Circus City" Queen will be chosen.

They Fly a 45-Star Flag

PROUDLY DISPLAYED on Flag Day Sunday was this 45-star standard on the property of Mr. and Mrs. George E. Hackbush of Linden Lane on Rt. 3.

All the hub-bub lately is over 49 and 50-star flags and so it is understandable that not too many people pay attention to an old 45-star banner.

But go by the home of Mr. and Mrs. George E. Hackbush of Linden Lane, Rt. 3, Antioch, any holiday and you can see the flag of the union that was standard before the admission of Oklahoma, Arizona and New Mexico.

YOU'LL HAVE TO look closely for unless you count the stars, you may mix it with the popular 49-star banners which are now official. There are six alternating 7 and 8 star rows while on the 1959 version there are seven rows of seven stars each with staggered ends.

The flag owned by the Hackbush family was on the property in 1941 when it was sold by the Trimmer Estate. It is a beautifully-made flag and is believed to have been made by Mrs. Trimmer herself, Hackbush says.

It is proper to display any official flag of the U. S. no matter how old the design. The only stipulation is that a worn or dirty flag is im-

proper to fly and thus an oldtime banner is unusable when its condition, not its design, is in bad taste.

Trevor Accident Hospitalizes 2

By Mrs. Grace Miller
Trevor Correspondent

An accident involving two cars occurred at the corner of SA and Rte. 83 on Saturday night. Mrs. Albert Lulling and daughter were taken to the hospital.

Mr. and Mrs. Douglas Dean of Rock Lake left on Saturday by auto for Tennessee to visit a daughter.

Mrs. Annie Smith visited her sister, Amelia Mathews, of Kenosha on Tuesday.

Gail Oetting has been spending a week of her vacation with her grandparents, Mr. and Mrs. Charles Oetting.

Mrs. Nel Runyard is entertaining a granddaughter from Chicago this week.

Strawberry picking at the George Vincent farm started this week and the berries are excellent this year.

Mrs. Franklin Swanson and Franklin, Jr., spent the week-end

with her mother, Mrs. Grace Miller. Mrs. Truman Garrett is attending summer school at Oshkosh, Wis., and Mrs. Milton Patrick at White-water, Wis.

Illinois swine growers will have their pick from more than 750 per-

formance-tested boars next fall. These boars are now on test at the 15 swine testing stations located throughout Illinois. They are being tested for average daily gain, feed efficiency, backfat thickness and other highly desirable meat-type traits.
